Bishop Henderson Talks of Evangelism at M. E. Conference.

MUST TELL MAN HOW TO REPENT

Rev. E. S. Shumaker Urges More Active Work for Temperance.

Speaking before delegates attending today's session of the Fort Wayne district meeting of the Fort Wayne district, North Indiana Methodist Episcopal conference, at the Wayne street church, Bishop Theodore S. Henderson, of Chattanooga, took occasion to score many methods employed by ministers in attempting to reform sinners and declared that it is criminal to tell a man to repent unless you tell him how.

BISHOP T. S HENDERSON,
Eminent M. E. Churchman Addresses Conference in Fort Wayne.

Bishop Henderson reached Fort Wayne shortly before 10 o'clock this morning and his address at the morning session was one of the most interesting features of the meeting. He is to speak again at this evening's meeting.

"The weakness of evangelism," he said, among other things, "is its indefiniteness. A minister who is not definite in his work, ideals or aims cannot do efficient work in any congregation because he will find himself unable to solve many of the difficult problems that are constantly bobbing up in the ranks of his church's membership.

NEW CARPET IN SENATE GENERATES ELECTRICITY.

Washington, March 5.—Almost any day spectators in the galleries behold senators give a little start as a page rushes up to them with a card of some caller. The shock is not of fear but of electricity. The new carpet on the senate floor generates a high voltage of electricity as the pages scamper along on their missions.

ELLIS' FATE IN HANDS OF JURY

Malato Makes Final Demand for Death Penalty for Wife-Slayer.

COURT ROOM PACKED

Chicago, March 5.—William Cheney Ellis, the Cincinnati manufacturer who is on trial charged with having murdered his wife in a Chicago hotel last October, will probably know his fate before night.

The jury retired shortly before noon, after Assistant State's Attorney Malato had closed, and following the plea of transitory insanity offered for Ellis by his attorneys.

Desire to hear the final arraignment of Ellis caused the corridors leading to the court room today to be packed with a throng which included a large percentage of fashionably dressed women. Every seat in the court room was taken as Malato began his last attack on the defense's insanity plea. Malato's final address was brief. He closed with a final demand that the death penalty be inflicted on Ellis, who, he argued, was fully responsible when he killed Mrs. Ellis.

The instructions gave these possible forms of verdict:

Guilty with the death penalty, guilty of murder with imprisonment for life, guilty of murder with imprisonment for not less than fourteen years, that the act was committed while Ellis was insane and that he is still insane, that the act was committed while Ellis was insane but that he now is sane, not guilty.

RESTAURANT DISTRICT "DRY."

New York Closes Cafe and Cabaret Resorts at 1 A. M.

New York, March 5.—All the cafe and cabaret resorts along Broadway and cross streets were again closed at 1 o'clock this morning by the police acting on the instructions of Police Commissioner McKay, despite the instructions of Mayor Mitchell yesterday that he had not given orders to enforce the early closing rule laid down by the late Mayor Gaynor.

There was no disturbance in enforcing the order. The proprietors of most of the places notified their guests to get ready to depart a few minutes before the time for closing and at no point did the police have to interfere to speed the departing guests. The "lid" was put on so tight that the restaurant district was dry for the first time during the present administration.

FELIX DIAZ AT CAPITAL

Turns Up in Washington Seeking Senate Committee Hearing.

VERY ANXIOUS TO AIR HIS VIEWS

Despite a Denial That He Knew Either Pillar or Ocon.

Washington, March 5.—Felix Diaz arrived here today to attempt to get a hearing before the senate foreign relations committee and give his views on the Mexican situation. Pedro del Vilar and Cecilio Ocon, who represented themselves as his supporters, appeared before the committee yesterday to ask what attitude this government would take toward a revolution headed by Diaz. The general himself in New York last night declared he did not know the two men.

Senator Fall, of New Mexico, republican, will speak Saturday on his resolu-

456 STUDENTS IN NEW FIRE DRILLS

Pupils at the International Business College Are Training

FOR THE FIRST TIME

The four hundred and fifty-six students at the International Business college, in the Lincoln Life building, received their first instructions in fire drills this morning under the direction of Captain John Stahlhut, of No. 3 engine house, and George Trautman, of No. 5 engine house.

The instructions given this morning were the first the students had ever gone through and according to Assistant Fire Chief George Jasper the drills are to be continued every two days until the danger of any possible fire panic has been eliminated. The school will then hold fire drills at regular periods as do the other educational institutions of the city.

While the Lincoln Life building is well equipped with fire escapes and wide stairways, the school authorities are anxious to take every possible precaution.

HUFFMAN GIVEN 3 TO 10 YEARS

Terre Haute Man, Convicted of Election Frauds, is Sentenced.

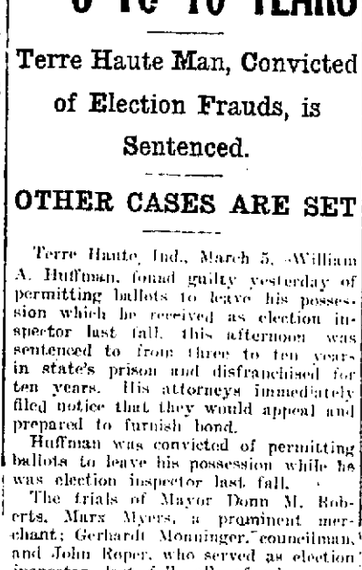
OTHER CASES ARE SET

Terre Haute, Ind., March 5.—William A. Huffman, found guilty yesterday of permitting ballots to leave his possession which he received as election inspector last fall, this afternoon was sentenced to from three to ten years in state's prison and disfranchised for ten years. His attorneys immediately filed notice that they would appeal and prepared to furnish bond.

Huffman was convicted of permitting ballots to leave his possession while he was election inspector last fall.

The trials of Mayor Donn M. Roberts, Marx Myers, a prominent merchant; Gerhardt Monninger, councilman, and John Roper, who served as election inspector last fall, all of whom are charged in indictments with fraudulent election operations and conspiracy, were set for March 16 by Judge Charles M. Fortune in circuit court here this morning.

And Fort Wayne Helped Handsomely



Topeka, Kan., March 5.—Topeka music lovers gave Alma Gluck, grand opera prima donna, who sang in Fort Wayne last night, a handsome wedding present when the newly engaged soprano sang here recently. "I set aside each check received on this concert tour for a definite purpose. Topeka pays for my bungalow," Mme. Gluck added. She is to be married in June to Efrem Zimbalist, the Russian violinist.

RIO JANEIRO IN STATE OF SIEGE

Brazilian Capital is Now Menaced by Revolutionary Outbreak.

LONG IN FOMENTING

Buenos Aires, Argentina, March 5.—A state of siege was proclaimed in Rio Janeiro, Brazil, today, according to dispatches reaching here from that city. It is understood here that a strict censorship has been imposed on dispatches from Brazil.

Reports have been current for some time that a revolutionary movement was in existence in the Brazilian states of Pernambuco, Ceara and Para, and that fighting was in progress between the local forces and the government authorities.

The causes of the disaffection were said to have been racial differences. In the last week of February a body of fanatics was reported to be marching on Rio Janeiro. The situation in the various states was reported as becoming worse, especially in Ceara. Business was said to be virtually suspended in several states, chiefly those where the negro population was very numerous. The state of Ceara at the last census had a population of about 850,000, Para 450,000 and Pernambuco 1,200,000.

COPPERS DO NEW STEPS IN COURT

Judge Sees No Impropriety in Dance Demonstration by Policemen.

TANGOERS GO ACQUIT

Lowell, Mass., March 5.—Frank Hennessy and Angelina Marcotte, tango teachers, who were arrested at a public hall here by a police officer, who acts as a censor of the new dances, were acquitted today. In he course of the trial, two policemen gave the court an exhibition of the new steps. Judge Enright decided the defendants did not commit any impropriety in the eyes of the law.

"I cannot find anything in the law to warrant holding these defendants," the court said, "but added, "Something ought to be done, the way things are going in our dance halls and the police are absolutely justified in taking action to better the conditions. There is a bill now before the legislature to stop just this sort of thing, and I hope it soon will become a law.

"THE LAST SUPPER" LOCATED.

Masterpiece of Heselius, Missing Since 1773, Is Discovered.

Washington, March 5. Charles Henry Hart, noted art critic of Philadelphia, announced here today that he had discovered in Frederick, Md., "The Last Supper," the masterpiece by Gustavus Heselius, the first American painter, missing since 1773. Mr. Hart vouches for the authenticity of the painting and said it was in a good state of preservation. The painting had been in the possession of Mrs. John Gassoway, of Frederick, who, after reading an article by Mr. Hart on the life of Heselius in which he stated the picture had probably been destroyed, wrote him that she had an ancient oil painting of "The Last Supper," the authorship was unknown to her and invited him to inspect it. Mr. Hart went to Frederick yesterday and brought the painting here.

COLUMBIA IS PLEASED.

University Gratified at Prospect of Prof. Moore's Return.

New York, March 5. The news of the resignation of Prof. John Bassett Moore from the state department at Washington was received with eager interest at Columbia university. The students and authorities have been anxious for Dr. Moore's return, for his absence from the law faculty of the university has left a big gap. This has been accentuated by the resignation of Dr. Frank Goodnow to become president of John Hopkins university. Dr. Goodnow was professor in constitutional law and it is possible that Dr. Moore may fill Dr. Goodnow's place, as well as taking care of the courses in interantional law.

EIGHT NOW HAVE MEASLES.

Philips Exeter Pupils Ill After Games in Boston.

Exeter, N. H., March 5.—Eight students of Philips Exeter academy, several of whom participated in the schoolboy games in Boston last Saturday are confined to the infirmary today with measles. Among those stricken is Richard Cleveland, son of the late president.

WILSON GETS QUICK ACTION

Bill to Suspend Free Canal Tolls Goes in Following His Appeal.

URGES IT AS A POINT OF HONOR

Occupies Less Than Five Minutes in His Address to Congress.

Washington, March 5. President Wilson personally appealed to congress, assembled in joint session today, to sustain the national honor of the United States in upholding treaty obligations by repealing the Panama tolls exemption against which Great Britain protests.

He asked congress to do that "in support of the foreign policy of the administration," and added that an exemption for American ships not only was "a mistaken economic policy," but was in contravention of the Hay-Pauncefote treaty.

"I shall not know how to deal with other matters of even greater delicacy and nearer consequence if you do not grant it to me in ungrudging measure," said the president. "The large thing to do is the only thing we can afford to do; a voluntary withdrawal from a position everywhere questioned and misunderstood. We ought to reverse our action without raising the question

SHOWER STATION MAN WITH KISSES

Emigrants Rejoiced Over Return of $38,000 in Flour Sack.

ALL GIVE HIM SMACK

New York, March 5.—Expressions of gratitude in the form of kisses were showered upon William H. Egan, station master of the Pennsylvania railroad station, here last night by the twenty-seven men and women members of an emigrant band, because he had been instrumental in restoring to them a flour sack which contained $38,000 in gold and bills.

The party, enroute from Montana to Poland, dined in the station and then started for the pier to board the steamer Olympic. In her haste, the wife of the leader of the band, to whom her fellow travelers had entrusted their money, left the bag in a waiting room, where it was found by an attendant and turned over to Egan.

Its contents had hardly been counted when the emigrants rushed back in great excitement clamoring for their money. When they learned that it was all in fact, they made a rush for Egan. He did not take kindly to kissing at first, it is said, but yielded as a matter of courtesy.

BIG RECEIVERSHIP CASE IN HEARING

Suit of Karr and Others Against Dredge Company in Circuit Court.

NEWS OF THE COURTS

The circuit court has been engaged the greater part of the day hearing testimony in the suit of James P. Karr and other stockholders against the American Steel Dredge company of this city for the appointment of a receiver for that concern and an accounting. The plaintiffs allege mismanagement and peril to their interests. John D. Rauch, treasurer and general manager of the dredge company, has been extensively examined during the day.

Takes Change of Venue From Judge.

Rev. Alexander R. Evans, pastor of Westminster Presbyterian church, this city, who is defendant in a $10,000 damage suit brought against him by Rev. Joseph F. Delaney, rector of St. Patrick's Catholic church, for libel, has asked for a change of venue from Judge John W. Eggemann in the circuit court. No appointment has as yet been made by Judge Eggemann, who announced when the suit was brought that he would refuse to try the case if there was objection.

Notes of the Courts.

In the superior court Brown Cooper sues Harvey M. Chalmers for possession of real estate.

William C. Bishop has begun suit in the superior court against Nelson Chester for $150 on a note, and another in the same court against Charles W. Long for $125 on a note.

In the circuit court Susan M. Miller has sued Louis G. Miller for divorce, alleging cruel and inhuman treatment.

Judge Eggeman, of the circuit court, has appointed Judge Yaple, of the superior court, to sit in the case of Middleton vs. Hilker, on motion for a change of venue.

Judge Yaple has appointed Judge David E. Smith, of Decatur, to sit in the superior court in the case of Anna Dolan vs. James J. Sullivan, et al.

ACQUITTED IN MOOT TRIAL.

For the second time in recent months a jury of ladies has brought in a verdict of acquittal in a murder trial in Fort Wayne. After a mock trial conducted under auspices of the Blackford Law club in the superior court room last night, the twelve lady jurors found, after deliberating twenty minutes, that Frank Kimmell, impersonated by William Tschannen, the lawyer, was not guilty of having murdered Harry Brown, his partner in the banking business, and throwing the body in the St. Mary's river. The state was represented by Otto Fuelber, Louis Post and John G. B. Jones, while Hans C. Meland, Avery M. Groves and Roscoe Cochran appeared for the defendant. Judge Carl Yaple, of the superior bench, presided over the trial. Forty witnesses testified, and each of the six appearing as counsel addressed the jury. The panel of twelve, chosen from a venire of twenty-five, was as follows: Mary A. Reinewald, Florence Fleming, Eva Erwin, Miss McBride, Mrs. Anna Nierman, Esther Thompson, Grace Junod, Irma Crouse, Mary Nierman, Elizabeth Harshbarger, Lucy Holle, Mary E. Phoehl. The latter was the forelady of the jury.

It was near midnight when the trial was concluded.

BLAISING CASE GOES OVER.

After devoting almost the entire day Wednesday to hearing the remonstrance of Dr. M. A. Mason against the granting of a license to Henry Blaising to sell liquor in New Haven, the county commissioners adjourned the case until Tuesday, March 10, when arguments of attorneys will be heard. Blaising is charged with selling liquor after 10 o'clock at night of which no denial is made—and of being of unfit moral character to run a saloon.

Owing to the fact that the board of commissioners will be obliged to go to Indianapolis April 1 to appear before the state railway commission in the hearing on the Wayne Trace track elevation matter, the hearing of the remonstrance against Ezra Hiser to sell liquor in Marion township has been changed to April 2. Eight applicants for license set down for April 1 will be heard March 31. Eight other cases will be heard April 3.

IN THE MINOR COURTS.

A commission sitting in the court of Justice A. C. Nierman has declared C. H. Stewart of unsound mind on an affidavit filed by Charles Fletters. The patient is widely known in Fort Wayne, where up to a few years ago he took an active part in local republican politics. He formerly was a deputy constable and later was in the federal service.

Justice Grabner fined Walter Meyers $10 and costs for beating a board bill and fined Orpha Andres a similar amount on a charge of specific immorality. Both went to jail, Meyers for fifty-one days and the woman for twenty-three. They came here from Columbia City and had returned there when arrested.

COUNTY ROAD MAPS FOR SALE.

The new maps of Allen county highways have been received and County Auditor C. H. Brown has them for sale at $3.50 for the cloth maps and $2.50 for those of paper. The map was but recently completed and is the latest, showing all the highways, streams, railways, churches, school houses, cemeteries and bridges. It is a great convenience to automobile drivers and dealers, abstractors and real estate men. The character of all the highways is designated.

NEW ELEVATOR IS HERE.

The parts for the new elevator purchased last fall by the county commissioners have come and workmen are preparing to install it in the south shaft at the court house, which has never been equipped with a lift.

RECEIVE ROAD BIDS TOMORROW.

The county commissioners will open bids tomorrow morning at 10 o'clock for the construction of the six miles of stone road on the Perry-Cedar Creek township line. There is much interest in the bidding.

ROAD VIEWERS APPOINTED.

The county commissioners today appointed Samual McCormick, Henry Thiele and Noah Amstutz to act as reviewers of the Peyton road in Perry township. This is the third set appointed for that road. For the Sorg road, in Marion township, Henry Yenny, Henry Getz and James Aiken were appointed viewers.

Cape Girardeau, Mo., March 5.—The First National bank of Cape Girardeau was closed by a ational bank examiner today pending an examination of its books. Bad paper to the extent of $70,000 is said to have caused the examiner to take this action. The directors assured depositors that none would lose a cent. The bank is capitalized at $100,000, and has deposits exceeding $500,000.

MERRIMENT AT THE PURE FOOD SHOW.

Many novel ideas are brought out at the Pure Food Show to attract attention to the pure food products which are being demonstrated there.

One which brings about much amusement among the visitors and incidentally offers useful household articles to those who find their duplicate members, is the button idea put out by the Perfection Biscuit company, of this city.

Every visitor receives a button bearing a number. Each button has a duplicate which is being worn by some other person at the show. When any person finds their duplicate they bring the party to the Perfection Biscuit company's booth and both persons receive a prize in the nature of a useful household article.

At the close of the show the two lucky duplicate numbers among all the buttons given out will each draw a set of dishes.

Aside from the educational features of the show it offers entertainment for the visitors and many useful prizes and samples are given.

PLATTED TO THE RIVER'S CENTER

Curious Phases Disclosed by Plat of Land Needed to Extend Bridges.

THE MUNICIPAL NEWS

In a plat completed today by City Engineer Randall, showing just what parcels of land will be needed for the extension of the Spy Run avenue, Columbia street and Walton avenue bridges in connection with flood prevention measures, it is shown that some lots bordering the rivers have been platted clear to the center of the stream. Doubtless this was done with a view to filling up and making the plat good. Engineer Randall's plat shows that fourteen different parcels of land will have to be purchased to accommodate the proposed bridge extensions. Robert E. Kelly, of the board of works, and County Attorney E. G. Hoffman, were appointed a committee to investigate what lands would be needed and who the owners are.

WILL SHIFT INSURANCE.

The board of works will have transferred $19,000 fire insurance carried on the market house to the contents of the city hall, holding that the market house is not in danger of destruction from fire. There is but $3,700 on the contents of the city hall. The board will also have the $15,000 tornado insurance on the market house reduced to $5,000 and transfer the balance to some other department where it is believed to be worse needed. The board is today apportioning among various agencies $80,000 insurance written by the C. B. Fitch agency, which expires March 12.

THE COST WILL BE HEAVY.

Plans and an estimate for constructing a wall along 900 feet of Spy Run avenue front on the St. Joe river between the State street bridge and the Centlivre brewery where the street is about to fall into the stream, show that for 500 feet of wall with rip-rap at either end the cost will be about $22,500. Mayor Hosey and the board of works are considering the plans.

WILL GET PLANS FOR A SPUR.

Mayor Hosey, the board of works and City Engineer Randall met with Engineer Payne and Local Agent Clizbe, of the Lake Shore railroad this forenoon and viewed the location of the proposed spur track to the No. 2 pumping station and city asphalt repair plant. The railway engineer will prepare plans for the work to be submitted to the board soon.

WILL CALL ANOTHER MEETING.

Seventh and Tenth Ward People to Further Discuss Park Purchase.

Within the next two weeks Messrs. Herman Korte, Charles Roth and Michael Kinder, the committee appointed to consult with the park board concerning the enlargement of Weisser park, will call another mass meeting of residents of the Seventh and Tenth wards to discuss the proposed improvement of the park. Councilman Korte and Mr. Roth attended the meeting of the park board yesterday and discussed the matter with that body. They were not surprised to learn that the board had no means with which to purchase the strips of land on the north, east and south sides of the park and that a bond issue for that purpose is out of the question. They thought that by dropping from the project the design to buy a strip along the south side the cost could be brought within possible limits. The committee may suggest to the next mass meeting that half of the purchase price be raised by subscription in the Seventh and Tenth wards and the city then called upon to pay the balance.

ICE CLOSES SUBWAY DRAINS.

Street Superintendent Herman Strodel has been having trouble getting the drains open in the subway at the Wabash railroad and Broadway. The ducts placed by the street car company to drain its tracks have been closed by ice and the obstructions have to be tediously picked out. The condition is one that is likely to recur whenever there is alternate thawing and freezing.

WILL RECEIVE BIDS MARCH 24.

The advertisement by the board of works for bids to furnish the city a turbine generator and auxiliary equipment for the municipal light and power plant has been published and the board fixes March 24 as the day on which the bids will be opened. Bids from several large concerns are expected. Engineer H. P. Moran, who is preparing the specifications, will have all his work completed within a few days.

RECEIVES PAINFUL INJURY.

Roy Conner is Seriously Hurt at Power House Station.

Roy Conner, aged 25 years, employed at the power house of the Fort Wayne and Northern Indiana Traction company, on Spy Run avenue, was seriously injured this afternoon. He was helping in loading some old machinery of the old power house on a flat car when a rope on which he was pulling suddenly broke and flew back, striking him a glancing blow on the side of his head. He fell from the flat car and was picked up in an unconscious condition and was immediately taken to the St. Joseph hospital.

Dr. James M. Dinnen who was called to attend the injured man, reports that he is in a serious condition, but that the extent of his injury is not yet known. He will take an X-Ray picture of Mr. Conner's head late this afternoon. Mr. Conner's home is in Detroit and he came to this city the early part of the winter and secured work with the traction company.

tion requesting the president to advise the senate as to what measures have been taken to protect American citizens in Mexico. No speeches on that subject have been made in the senate and the administration let it be known it did not welcome discussion on the subject in congress at this time.

Secretary Bryan talked over the Mexican situation with members of the house foreign affairs committee.

"I discussed all phases of the Mexican situation," said Secretary Bryan, "but I cannot go into details of the conference. I must hold the matter executive. There was a phase of our conference, however, concerning which I think I shall make a statement later."

Despite His Denial

Diaz, notwithstanding his denial that he knew either Vilar or Ocon, came in response to their messages urging him to plead his own cause. Whether the committee will hear him has not been determined, but the request may be granted inasmuch as the committee wishes to get all the information possible on the Mexican situation. Diaz, it is understood, will endeavor to convince the committee that as the leader of a movement to establish a stable government in Mexico he could win many influential citizens of the republic as well as of officers of Huerta's government and the army. It developed today that before the committee yesterday Ocon and Vilar declared that 90 per cent of the people of Mexico would back Diaz in an effort to overthrow Huerta.

Want Moral Support.

"If you have such support," one of the senators asked, "why don't you turn in and settle the whole trouble at once?"

The Diaz followers stated they wished the moral support of this government in such a movement.

Questions as to whether there were available finances for such an attack on the Huerta government were met with evasive replies and it was inferred by some senators that it was the purpose of the Diaz movement to attack Huerta with his own forces in the same way as leaders of the Madero government turned upon him when Huerta seized the reins of power.

Diaz remained at his hotel most of the day contemplating a conference with Senator Fall.

Lull Only Temporary.

The apparent lull on the part of the United States in pursuing its inquiry into the death of William S. Benton, a British subject, and the mysterious disappearance of Gustav Bauch is only temporary, according to those well informed on the intention of the administration. The United States, it was explained today, simply is waiting the outcome of the investigation instituted by Gen. Carranza himself not only into the Benton execution but in the Bauch case.

Outwardly it was apparent that Gen. Carranza's determination to supply information about the Benton case, though technically denying the United States the right to ask it, was favorably received here and his prompt ordering of the inquiry into the Bauch case likewise was welcomed.

Upon the results of the investigation and Gen. Carranza's subsequent action depend in a large measure the policy which the American government will pursue toward the constitutionalists. Much evidence of a conclusive character about Benton's death already has been gathered. Should the Carranza commission controvert important points satisfactorily proven here, it is unlikely that the Washington government will remain silent on the question. There is every likelihood, too, that if Bauch was wantonly murdered, as reported, a satisfactory explanation of the incident and punishment of the offenders will be demanded. The disposition of administration officials is to give Carranza an opportunity to carry out his announced purpose of investigation without being hindered with any other investigating commission of Americans. The latter commission, however, has not been dissolved and may not be until after the findings of the Mexican board of inquiry are disclosed.

REBEL INVESTIGATION BEGINS.

Carranza Commission Takes Up Benton and Bauch Cases at Juarez.

El Paso, Tex., March 5.—Investigation into the execution by General Villa of Wm. S. Benton, the British subject and into the disappearance of Gustav Bauch, the German-American, was begun at Juarez today by the Mexican commission appointed by Gen. Carranza, chief of the constitutionalists.

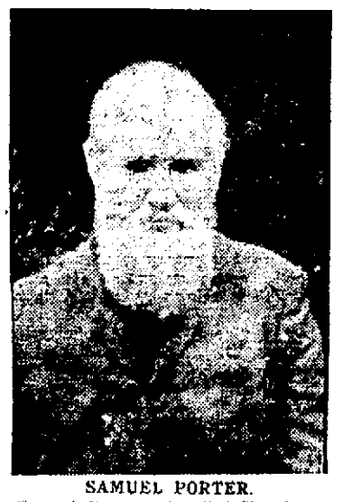
The commission will endeavor to ascertain whether the arrest and conviction of Benton was made according to due form of law and justice. It is not expected that an examination will be made of Briton's body. An attempt will be made by the Mexican commissioners to learn whether Bauch was executed or whether he is still alive. If alive, an attempt will be made to learn his whereabouts.

The commissioners were busy collecting the documents in the two cases and making a list of witnesses. The civil employes who arrived yesterday resumed their labors where they stopped them at Nogales, Sonora. Gen. Carranza and his cabinet are not expected at Juarez for a week. The Anglo-American commission was still awaiting instructions from Washington.

Appointment of a Mexican commission to investigate the Benton killing, resulted, it was made known today, from some difference of opinion among Gen. Carranza's advisers. While it was asserted those surrounding the constitutionalist commander-in-chief realized his delicate position as a result of the Briton's death they had argued that his act in refusing information to the Washington government had created a false impression in the United States and England in regard to his implied meaning in the matter.

From those in close touch with General Carranza and his policies it was learned that the appointment of the Benton commission was but the first step in a series of acts which would be calculated to do away with what was considered a misunderstanding. The hope was expressed that the work of the commission which has been ordered to conclude its work promptly would convince the world of the good intentions of Carranza toward the welfare of all foreigners in Mexico.

Lived in County Eighty-Two Years



SAMUEL PORTER.

Samuel Porter, who died Tuesday at his home in Aboite township, was one of the county's oldest pioneer farmers. He was born north of Fort Wayne eighty-two years ago and had resided here all his life. He was a son of John Porter, one of the early settlers and his wife, who preceded him in death was Miss Sarah McGinnis, whose parents were also pioneer settlers of Allen county.

WORK SHOULD BE DEFINITE

(Continued from Page 1)

"You cannot make a man repent his sins by simply telling him to go home and read the bible. It would be just like sending a sick man alone into a drug store and telling him to help himself to the different medicines on the shelves of the establishment. You've got to point out the way and lead the sinner yourself when you tell him to repent. If you don't the chances are that he will not try to repent."

Attendance is Large.

The attendance today is expectionally large and all of the address, consuming the greater portion of both morning and afternoon sessions, were of vital interest in educational religious work. Dr. W. H. Hickman, of Pennville, was unable to attend today's conference, and his place on the program was occupied by Rev. E. S. Shumaker, superintendent of the Indiana Anti-Saloon league, who spoke on the subject assigned to Rev. Hickman, "The Present Temperance Crisis."

"If the ballots cast next November get that constitutional convention in Indiana, we have a good change to seat two-thirds of the delegates in that convention," said Rev. Shumaker. "The more we get the harder we can rub it in on the liquor gang when we get them there."

Pastors Must Help.

Rev. Shumaker declared that the church pastors must co-operate with other temperance forces of the state in an attempt to induce the voters to vote for the constitutional convention, and he said that once the first is secured, it will be an easy matter to secure amendment providing for constitutional prohibition. He said that the temperance forces of the state are making more rapid progress in their work now than ever before and he also presented statistics tending to bear out his assertions.

"Providence and a lot of hard work has opened wide a large door through which we can pass next November, through the route of the election booth, and clean out all of the saloons in Indiana. A ballot will be the right of every citizen of the state, and it is now up to us to work among the voters, showing them the true conditions so that they will vote right."

The Opening Address.

The opening devotionals today were conducted by Rev. Fred F. Thornberg, of Auburn, and following the ceremonies, Rev. D. F. Stephenson, of Decatur, spoke at some length on the subject, "The Growing Kingdom." He spoke especially concerning the social evil and dwelt at length on some of the modern life customs.

"We cannot better the people of today by removing the social evils," he said, "but we can remove the social evil by bettering our people."

Rev. Fred F. Thornberg, district missionary secretary, submitted a financial statement of his department, showing that receipts during the year amounted to $80.77 and expenditures totaled $75.24, leaving a balance of $5.53, which amount was turned over to the financial secretary, Rev. J. O. Mills.

May Go to Auburn.

During a brief business session this afternoon, preceding the program of addresses, the conference endorsed the invitation of Rev. Fred F. Thornburg to hold the district conference at Auburn next year.

One of the interesting addresses of the afternoon was delivered by Rev. W. T. Arnold, of Bluffton, who spoke on "The Ideal Service in the Modern World."

"If one would ask the different business men and politicians of a community what their idea of ideal service was they would each give a different answer. The ideal of the church should be to regenerate the individual and everybody interested should realize that the work of salvation should be done by individual effort and personal work, and not by the "job lot." The ideal service is evangelism and the mission of salvation for the lost."

Following the address of Bishop Henderson this afternoon, a series of eight minutes talks was given by Rev. J. O. Powell, Rev. C. C. Travis, Rev. Henry Tracy, Rev. D. J. Brown, Rev. J. E. Coffin, Rev. J. O. Campbell, Rev. F. H. Cremean and Rev. T. M. Hill.

FILES NOTICE OF APPEAL.

Little Valley, N. Y., March 5.—Patrick S. Collins, attorney for Mrs. Cynthia Buffum, convicted of the murder of her husband and sentenced to die in the electric chair at Auburn prison next month, today filed a notice of appeal, which automatically stays the execution.

END INDIGESTION, DYSPEPSIA, GAS, SOUR STOMACH—PAPE'S DIAPEPSIN

Time it! In five minutes your upset stomach will feel fine.

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain unfailing action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store, and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach, all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.—Adv.

NEWS OF FORT WAYNE'S NEIGHBORS

OFFICIALS FORCE HIM TO WED GIRL

That is Charge Set Up by Young Man of Huntington County in Suit to Have Marriage Annulled.

Huntington, Ind., March 5.—Charging that he was forced to marry a girl whom he had seen but once and with whom he was not acquainted, Marion Holcomb, of Markle, has filed in the circuit court here a complaint for the annulment of his marriage and for a divorce from his wife, Carrie Holcomb. In the sensational complaint Mr. Holcomb charges that he was arrested on an affidavit preferred by the girl, then Miss Carrie LaTurner, of Wells county, and was not permitted by the authorities to confer with either his folks or his attorneys until he had married the girl.

Mr. Holcomb lives about a mile south of Markle and is well known in that community. The girl lived in Wells county and they were married in Bluffton on January 28, 1914. Mr. Holcomb asks the court to grant him complete separation from his wife.

In the complaint Mr. Holcomb charges that Miss LaTurner procured his arrest by an affidavit charging him with paternity, which "was and is false and untrue." He said he had never seen the girl but once before in his life and was by no means acquainted with her, and that the arrest came as a great surprise to him. He declares the woman has an ill reputation for chastity in her own neighborhood and that she and her relatives conspired together to have him arrested.

After the arrest, Mr. Holcomb declares, he was not permitted by the authorities to communicate with an attorney and that he was also prohibited from conferring with any of his folks. He charges the effects of his alleged crime were impressed on him so strongly by the authorities and the girl's relatives that he accompanied her to Bluffton, where the license was obtained, in order to escape what was represented to him as serious consequences. He said the ceremony was the direct result of the threats he was subjected to.

CLEARS THE COMPLEXION.

Discovery That Removes Pimples, Eczema and All Skin Troubles.

If you are troubled with pimples, blackheads, acne, barber's itch, blotches, freckles or other skin disease or blemish, now is the time to get rid of it with Hokara.

This pure and simple skin healer is being introduced in Fort Wayne by Meyer Bros. Co. at the low price of 25c for a liberal sized jar, and they have sold hundreds of treatments.

It contains no grease or acid, is cleanly to use, and is a true nourishment for the skin, cleaning and clearing it in every pore, making it soft, white and beautiful.

If Hokara does not do even more than is claimed for it and give perfect satisfaction, return the empty jar to Meyer Bros. Co.'s drug store and they will refund your money. If you have any skin trouble, you cannot spend 25c to better advantage than for a jar of this skin food.—Adv.

BAD DAIRY CAUSE OF MUCH ILLNESS

Decatur's Scourge of Typhoid Traced by State Health Officer to the Robinson Establishment.

Decatur, Ind., March 5.—An investigation by Dr. William Shiner, bacteriologist for the state board of health, and Dr. William McAlee, also of the state board, came here yesterday and in company with Dr. Grandstaff, secretary of the Adams county board, and Dr. Costello, secretary of the Decatur board, conducted an investigation that the officers say traced the scourge of typhoid fever and kindred diseases that have recently afflicted this city to the Robinson dairy. It was established that every family where this type of disease had prevailed procured its milk from the Robinson dairy. At the Robinson dairy they found conditions bad. No sanitary precautions were practiced. The cows were in crowded quarters, and the barns were unclean. It was also found that the milk had not been pasteurized nor the bottles sterilized, as is required by the rules of the state board of health. Quick action was taken and the license of the milkman was suspended until his business is reformed to conform to the rules of the state board of health.

CHURCH GAS PLANT EXPLODES.

Trouble With Light at Newville is Hunted for With Lantern.

Auburn, Ind., March 5.—While the choir was having evening practice in the church at Newville, this county, the acetylene lights went out and A. W. Platter, D. D. Loomis and Earl Baker, a nine-year-old boy, went outside with a lantern to investigate the tank, located about sixty feet from the church. They were not long in finding the cause. When the escaping gas came in contact with the flame of the lantern an explosion followed.

All three suffered severe burns on their faces and hands and they were taken in the church where linseed oil was applied to the burns until medical aid could be summoned. The burns were very painful, but it is thought that nothing serious will develop. The explosion made a loud report which could be heard for some little distance around. The lighting plant was not damaged by the explosion and can be put back in working order again with but little expense.

TO DESTROY CONTRABAND BOOZE.

Huntington, Ind., March 5. Seventy-one gallons of whisky, five gallons of ale and more than two barrels of bottled beer will be poured into the gutter within a few days by Sheriff W. E. Scott, if the court grants a petition filed by Prosecutor Otto Krieg in the circuit court. The prosecutor is asking permission to destroy liquor confiscated in three blind tiger raids within the last four years, which has been kept as "evidence" in the basement of the county jail long since its original owners have served their times in the jail.

SAYS HE BOUGHT WHISKY.

Bluffton, Ind., March 5.—Peter Gaffer, a Decatur painter, was arrested and returned here to answer to a charge of assault and battery, filed against him by Joe Zarefis, a Greek poolroom owner with whom he had a quarrel several days ago. He pleaded guilty in the court of Mayor Mock, and paid a fine of $1 and costs, totaling $12. He then retaliated by filing charges against Zarefis, charging the latter with operating a blind tiger. Gaffer declared that he bought a number of bottles of whisky across Zarefis' counters. Zarefis furnished bond for $200 for appearance in circuit court next Monday.

SUES NICKEL PLATE FOR $5,000.

Columbia City, Ind., March 5.—Ex-Assessor Nathan W. Beavers, of Churubusco, who is administrator of the estate of his son, Jesse N. Beavers, deceased, filed suit Wednesday in circuit court here against the New York, Cincinnati, Chicago and St. Louis railroad (the Nickel Plate) for $5,000 damages, on account of the death of his son which occurred March 14, 1912, from injuries that occurred March 6, when he was thrown off the train near South Whitley. The complaint states that he bought a ticket at South Whitley for Missoula, Mont., and started to ride upon it as far as Chicago, on the Nickel Plate railroad, and that it was the business of the company to see that he was safely transported there. The complaint says that some person or persons unknown struck Beavers on the head with something heavy and then threw him off the train, on the frozen ground.

TAKES OLD LOAD FROM CONSCIENCE

Bluffton, Ind., March 5.—L. S. Kapp, of Carter, Mont., who is spending the winter in Bluffton, received a tender of conscience money Tuesday from a man of fifty, who confessed that he had stolen a small amount of candy from him thirty-eight years ago. Mr. Kapp said that he went out of the grocery business thirty-eight years ago Tuesday, and that the theft in question took place about that time. The man, then a boy of twelve, has been converted since he grew to manhood and is devoutly religious. The theft preyed on his mind, although the money value of the goods was small and he finally decided to seek relief from his remorse by offering reparation to Mr. Kapp. Mr. Kapp refused to take the sum of money offered him and assured the man of his complete forgiveness.

RECEIVED ELECTRIC SHOCK.

Decatur, Ind., March 5.—Mrs. Anna Laman suffered a severe electric shock while trying to adjust her electric washer and had a narrow escape from death. But for the timely assistance of a visitor at the home at the time, death would probably have ensued. The washer had been working improperly at various times during the morning and suddenly stopped dead. To reach the electric light bulb with which the wringer power was connected, she pulled out a chair on which to stand. The chair was wet and as she touched the light bulb she received a shock that rendered her unconscious. A woman agent who was in the house called a physician. Mrs. Laman's hand was badly burned.

CITY LIGHT PLANT WORTH $123,000.

Kendallville, Ind., March 5.—An inventory of the city electric light plant just completed by H. P. Moran shows it to be worth $123,240.20, with a replacement value of $130,629.81. Mr. Moran is working under the direction of the council and his tentative report to that body Tuesday evening shows the great amount of money that has been invested in the one plant. Mr. Moran also declared that this value will have to be considered in making the new power rate schedules and that in his opinion the rates will have to be increased instead of lowered.

CITIZENS DRIVE AWAY YEGGS.

Defiance, March 5.—The village of Evansport, twelve miles northwest of Defiance, experienced an anticipated robbery scare at 1 o'clock in the morning when strangers in two rigs drove to the hardware store of T. E. Sluter and examined the rear door with flashlights. A few residents quietly got together and Sheriff Hull, of Defiance, was notified. He arrived on the scene with an armed posse in an auto soon after, but the supposed yeggs became frightened and drove away without entering the store.

HOSSLER WILL SET ASIDE.

Warsaw, Ind., March 5.—The will of the late Mrs. Kate Hossler was set aside by Judge F. E. Bowser on Wednesday, when he found for the plaintiff in the suit of Philip Paul against Mary M. Bennett, et. al., on a contest of will. Attorney Jesse Eschbach was appointed administrator and took charge of the estate at once. Settlement will be made now just the same as if no will had been left by the deceased.

ALBION GIRL IS A BRIDE.

Albion, Ind., March 5.—Miss Orpha Lindsey, of Albion, and Rollin McGuire, a farmer of Green township, were quietly married here yesterday afternoon. The bride is the daughter of Jacob Lindsey, county assessor, and the groom is the son of O. M. McGuire, Green township. Both are highly respected young people of this community and have hosts of friends who wish them unbounded success.

BERNE MAN IS INSANE.

Berne, Ind., March 5.—An inquest board, comprising Drs. D. D. and H. O. Jones and Justice Joel Liddy, of Berne, have declared Fred Meyers, an electrician of Berne, insane. Application for Mr. Meyers' admission to Easthaven hospital will be made. Mr. Meyers is 39 years old, and signs of his insanity were first noticed a year ago.

ORATORICAL MEET ARRANGED.

Van Wert, O., March 5.—Superintendent J. P. Sharkey has issued rules which will govern the meeting of the south division of the Northwestern Ohio Oratorical association in this city May 8. A field day program will be presented in the afternoon. Towns located in Allen, Auglaize, Crawford, Hancock, Hardin, Marion, Paulding, Putnam, Richland, Van Wert and Wyandot counties are eligible.

BREAKS ARM THIRD TIME.

Hamilton, Ind., March 5.—To suffer a broken arm for a second time while playing basket ball was the ill fortune that befell Victor Robbett, aged 17 years, foster son of W. H. Keyes, of this place. Young Ribbett is a resident of Hamilton, but goes to school at Pleasant Lake, and was a member of the Pleasant Lake high school basket ball team that came here for a double contest with the Hamilton high school quintet. This is the third time Ribbett's arm has been broken. While a mere boy he broke the member for the first time while vaulting, and shortly before the holidays he suffered a similar experience.

KNIFE FOR WOMAN OF 86.

Bluffton, Ind., March 5.—Doctors who went to the home of Mrs. William Dickey near Rockford, for the purpose of treating a cancer for Mrs. Dickey, were doubtful of the advisability of performing an operation, and there possibly may be an operation for her. She is a lady 86 years of age, suffering from a cancerous growth on the left side of her face, involving the greater portion of that side of her head.

D. D. D. In Hospitals; Standard Skin Remedy

How many hospital patients, suffering the frightful itch, the raw scorching pain of skin disease, have been soothed to sleep by a soothing fluid washed in by the nurse's hands?

That fluid is the famous D. D. D. prescription for eczema.

THE SUPERVISING NURSE of one of our prominent Catholic institutions (name of nurse and institute on application), writes regarding a patient. "The disease had eaten her eyebrows away. Her nose and lips had become disfigured. Since the use of D. D. D. her eyebrows are growing, her nose and face have assumed their natural expression."

How many eczema sufferers are paying their doctors for regular treatment and are being treated with this same soothing, healing fluid?

DR. GEO. T. RICHARDSON frankly writes "D. D. D. is superior to anything I have ever found. Soft and soothing, yet a powerful agent."

To do the work, D. D. D. Prescription must be applied according to directions given in the pamphlet around every bottle. Follow these directions—and see!

And it certainly takes away the itch at once—the moment the liquid is applied. The skin is soothed—calmed—so thoroughly refreshed—delightfully cooled.

All druggists of standing have the famous specific as well as the efficient D. D. D. Skin Soap.

But we are so confident of the merits of this prescription that we will refund the purchase price of the first full size bottle if it fails to reach your case. You alone are to judge.

FIRE CAUSES $100 LOSS.

A shed at the rear of the home of Mrs. Alice Miller, 1315 West Jefferson street, burned to the ground at 8 o'clock Wednesday evening, entailing a loss of approximately $100. Mrs. Miller claims the fire was of incendiary origin, saying that boys of the neighborhood were in the habit of playing about the premises. The shed contained several tons of coal, a chest of carpenter's tools and a large assortment of unused household utensils.

Symptoms Mean What? Physician Advises Men.

(From the Health Record.)

A general failure of the vital organs, such as the stomach, liver, kidneys, heart, etc., to perform to the full extent their normal duties is responsible for many symptoms often classed as "diseases" by the unlearned. However, such symptoms are not be regarded lightly, for they are the forerunners of disease and premature decline. These symptoms are in the nature of warnings of the approach of low vitality, despondency, brain fag, and all the more or less dreaded ailments to which mankind is heir.

The faithful use of the prescription given below will so establish the normal natural functions of the various organs of the body as to cause to disappear all of the following symptoms: Despondency, fatigue, dull, sunken eyes, cold extremities, pains in small of back, pains in back of head, spots before the eyes, weakness in spine, twitching and trembling, impaired memory, loss of appetite, wasting to thinness (or overfat), shrunken, flabby flesh, premature wrinkles, dull headaches, constipation, kidney irregularities, irritability and a general breakdown of ambitious spirit and manliness.

First get compound fluid balmwort in a one-ounce package, and three ounces syrup sarsaparilla compound; take home, mix and let stand two hours; then get one ounce compound essence cardiol and one ounce tincture cadomene compound (not cardomom). Mix all in a six or eight ounce bottle, shake well and take one teaspoonful after each meal and one when retiring, followed by a drink of water.

By mixing it at home no man need be the wiser as to another's shortcomings, and expensive fees are avoided.

Lack of poise and equilibrium in men is a constant source of embarrassment, even when the public least suspect it. For the benefit of those who want a restoration to full bounding health and all the happiness accompanying it, the above home treatment is given.

THE SENTINEL'S DAILY SCRIPTURE READING.

Matthew 14:13-23.

13 When Jesus heard of it, he departed thence by ship into a desert place apart; and when the people had heard thereof, they followed him on foot out of the cities.

14 And Jesus went forth, and saw a great multitude, and was moved with compassion toward them, and he healed their sick.

15 And when it was evening, his disciples came to him, saying, This is a desert place, and the time is now past; send the multitude away, that they may go into the villages, and buy themselves victuals.

16 But Jesus said unto them, They need not depart; give ye them to eat.

17 And they say unto him, We have but five loaves, and two fishes.

18 He said, Bring them hither to me.

19 And he comanded the multitude to sit down on the grass, and took the five loaves, and the two fishes, and looking up to heaven, he blessed, and brake, and gave the loaves to his disciples, and the disciples to the multitude.

20 And they did all eat, and were filled: and they took up of the fragments that remained twelve baskets full.

21 And they that had eaten were about five thousand men, besides women and children.

22 And straightway Jesus constrained his disciples to get into a ship, and to go before him unto the other side, while he sent the multitudes away.

23 And when he had sent the multitudes away, he went up into a mountain apart to pray: and when the evening was come, he was there alone.

Terre Haute Cleaning Up

Despite the fact that Terre Haute alone was immediately concerned in the outcome of the election in question, the entire state has very naturally watched with deep interest the progress of the prosecutions in connection with the alleged election frauds in that city at the municipal election last November. In the case of the first of ten men of more or less prominence indicted, including a number of city officials, the jury, after a deliberation of twenty minutes, returned a verdict of conviction. It was based upon the showing of the state that an election official entrusted with the custody of the official ballots, permitted some 150 of them to be taken from the sealed packages on the night before the city election by persons not entitled to remove them, and carefully marked for the mayoralty candidate who happened to be successful on the day following. The evidence was apparently so clear that the jury had little difficulty in reaching the conclusion that the charge was well grounded and that a particularly vicious fraud had been perpetrated.

Ultimate outcome of the case if an appeal is taken is, of course, problematical, for one can never tell what invalidating technicalities and legal quibbling points have crept into a case in the course of its trial. That there will be an appeal from the finding is entirely probable, for in the ordinary course of events prison gates are not permitted to close upon a convicted man until the last avenue of recourse is closed to him. Usually, too, he is amply provided with funds from one source and another to enable him to put up a long and resourceful fight. Something like a dozen cases are yet to be heard, though it is fair to presume that the state elected to first try the case which it considered the strongest of the lot. Whether justly or not, Terre Haute has been credited for some years with being in the clutch of political machines whose chief purpose in life was to win, without too fine an outfit of scruples as to how it was to be done. The outcome of the immediate case in point is of vastly more importance than the mere conviction of the men who may have been involved in an attempt to thwart untrammelled choice at the polls by tinkering with ballots before they reached the hands of the voter. It indicates that decency and fairness is asserting itself in Terre Haute, and that it proposes to lift the stigma that unscrupulous political machines have fastened upon the city.

Governor Blease, of South Carolina, pulled off his coat in the state legislature in a threat to fight one of the statesmen with whom he was in contest over some issue. Somehow Governor Blease has always impresed one with the idea that he regarded firsticuffs as the only real thing in argumentative persuasion.

President Wilson has taken occasion to write a letter to Senator Shively in which he praises the Indiana senator for his work in connection with the arbitration treaties. The recent death of Senator Bacon, and the illness of Senator Stone placed the responsibilities of the foreign relations chairmanship upon the shoulders of the Indiana man, and he acquitted himself in admirable fashion. Ordinarily the man in public life is the recipient of more curses than compliments. It is really pleasant to discover an occasional variation in the program.

Indianapolis newspapers announce that Mayor Bell, of that city, has set about learning all the new dances, giving out the information that he not only doesn't propose to be a wall flower at social functions, but that he is really enjoying himself at it. The explanation should be sufficient to remove any possibility of the unkind suspicion that this is the mayor's first move in a campaign for further political honors.

Assurances from the weather bureau experts at Washington that there is little likelihood of a flood in the Ohio valley this year are welcome enough, it is true, but residents of that section would doubtless feel a trifle more comfortable about it if some of the various plans for flood prevention had been put into tangible, visible physical form. They can never be entirely complacent until this is done.

SHE WILL BE CHINA'S FIRST WOMAN LAWYER.

YARLOCK LOWE.

Berkeley, Cal., March 5.—The ambition and the daring of Young China are personified in Miss Yarlock Lowe, daughter of the dragon flag, and a law student at the University of California.

She is soon to return to China as its first woman barrister.

Undaunted by the fear that feminism is too revolutionary for the new republic, Miss Lowe is willing to run the gauntlet of disapproval in order to advance the day of the oriental woman's participation in public affairs.

"China is awakening," she says, "and it is for the lawyers of my land to help re-make the nation in order to be of big influence in the world. Women should help in starting off the new nation on a proper basis. I shall return there as soon as I finish my law course here, and shall, so far as I know, be the first woman attorney in China."

PRESS ON PROPOSED NAVAL INCREASE.

Has Approval.

Charleston News and Courier: "The house naval affairs committee has the approval of an overwhelming majority of the American people in recommending the construction of two new battleships of the highest speed and power."

Grabbers Will Hesitate.

Philadelphia Bulletin: "The nation must guard against possibilities as well as probabilities and even the 'public building' grabbers will hesitate before attempting to check the 'big navy' sentiment in the present attitude of national opinion."

Better Luck.

Providence Journal: "Secretary Daniels has had better luck with his house committee than Secretary Garrison had with his. He says the two battleships asked for, and it is even suggested that three would be favored; four are all the general board recommends."

Wide Discrepancy.

Philadelphia Ledger: "There is always a wide discrepancy between the recommendations of the professional experts and that which the representatives of the people are willing to allow in the matter of naval increase."

Country Satisfied.

Savannah News: "The country as a whole is satisfied, no doubt, that there is no reason to build four battleships a year as some naval officers hold, but that to limit the navy to the addition of one battleship annually would weaken it too much."

Vote Overwhelming.

Washington Star: "The success of the two battleship program seems assured. Yesterday's vote in the house naval committee was overwhelmingly in favor of 'an adequate navy.'"

WILSON'S WARNING.

(Pittsburg Dispatch.)

Recent utterances in congress and out of it tending if not designed to foment clamor for our intervention in Mexico, brought from the president yesterday significant warning that if the situation was forced the responsibility must rest squarely upon those who bring it about. This does not necessarily imply that Mr. Wilson is contemplating a change in his policy of watchful waiting. He is still as positive as ever that ultimately the course of the United States will be justified by the event, pointing out that we can afford to wait while Huerta can not continue indefinitely. Those who urge haste forget, he reminded them, that they would have to contribute brothers and sons and sweethearts if they want something done right away.

What interest have we in Mexico at all commensurate with the price that must be paid for intervention, no matter how successful?

The Benton case is now being adroitly used by Villa and Carranza to force recognition of the constitutionalists by Great Britain or ourselves. Carranza in effect says if there is any complaint about Benton it should come from England, whose subject he was. But that only indirectly concerns us, and is no occasion for intervention. We are not going to war with Mexico over a British issue. Even England has no such expectation.

The thing to do is to support the president, stop nagging at him for partisan or other ulterior purposes, and await developments.

TO BETTER MAIL SERVICE.

Fort Wayne, Ind., March 5. Editor Fort Wayne Sentinel: By direction of the postoffice department, the attention of patrons of this office is invited to the advantages of providing facilities for the receipt of their mail by erecting conveniently accessible boxes or cutting suitable slots in their doors. Such action would enable the postmaster to give a prompter and better delivery service with the means at his disposal, since the carriers can cover much more territory in less time if not compelled to wait for an answer to their ring. Private receptacles for mail are also a great convenience to the householder, obviating the necessity of responding to the carrier's call at inconvenient moments and permitting the safe delivery of mail in the absence of members of the household. They also prevent the occasional necessity of a carrier's proceeding on his route without delivering mail because of failure to answer his ring within a reasonable time, and enable him to make deliveries to patrons living on or near the end of the route at an earlier hour.

It has been shown by actual experience that the benefits derived by patrons of city delivery from the use of such receptacles far outweigh the small expense involved. As this office is interested in furnishing the best possible service at the least expense, your compliance with the foregoing suggestions will be much appreciated. Respectfully,

R. B. HANNA,
Postmaster.

CONVOY NEWS.

Convoy, O., March 5.—Mr. and Mrs. Jeff Wilt and son, Harry, having recently moved into the same house with Mr. and Mrs. George Clancey, Mr. Clancey moved his baseburner into a room where a stove had not been for a number of years. He neglected to properly clean the flue, hence in the middle of the night Mr. Wilt awakened Harry to send him for the doctor, Mrs. Wilt being nearly asphyxiated. Before the doctor arrived Mr. Wilt and Mrs. Clancey were also unconscious. The doctor revived them and at present they are resting nicely.

AN ORDINANCE.

An ordinance giving and granting to and investing in Alfred A. Pointer, his heirs, executors, administrators and assigns, the right to use the streets, alleys and other public places in the town of Shirley City, State of Indiana, for the purpose of constructing, maintaining and operating electric cables, wires, conductors and other apparatus and appliances to be used for conveying, transporting and conducting electricity.

SECTION 1. It is hereby ordained by the Board of Trustees of Shirley City, and State of Indiana, that consent, permission and authority are hereby given and granted and invested in Alfred A. Pointer, his heirs, executors, administrators and assigns to use and occupy all necessary portions of the streets, lanes, alleys, highways and public places in the town of Shirley City, from the date of granting of this franchise for the purpose of erecting, constructing and maintaining poles, wire and house connections for the manufacture, selling and furnishing of electricity for heat, light and power purposes, together with the necessary fixtures and poles required for the wires and fittings; provided, however, that such construction, maintenance and operation shall in every respect conform to the statutes of Indiana, and to the general ordinance of the town of Shirley City, and applicable thereto.

SECTION 2. All work shall be done in the most careful and workmanlike manner and the location of all poles and posts shall be fixed and determined by the Board of Trustees of said town; provided, however, that after said locations have been determined and fixed, and poles and posts put in position, the same may be moved at any time by action of the Board of Trustees of said town, upon payment of the actual cost of so moving said posts or poles by said town.

SECTION 3. The said Pointer, his heirs, executors, administrators or assigns shall have the right to charge and receive from private citizens the sum of ten cents per kilowatt hour for all electricity furnished up to the first 50 kilowatt and 8c for more than 50 kilowatt and less than 200 kilowatt and 6c for all over 200 kilowatt hours, and shall also have the right to charge and receive fifty cents ($.50) per month for each sixteen candle power light used on the flat rate up to midnight of each day and shall also have the right to charge and receive to each user of light at a residence or place of business a minimum charge of one dollar ($1.00) per month. The said grantee shall also have the right to, when a meter is used by a customer, a charge of twenty-five cents ($.25) per month for each and every meter used. It is agreed that said Pointer shall furnish electric current for purposes herein mentioned from twilight until dawn each day.

SECTION 4. Said Pointer, his heirs, executors, administrators and assigns shall have six months from the passage of this ordinance in which to complete the installation of the system for distribution of electric current, but said work of installation shall be commenced within a reasonable time and completed as soon as practicable.

SECTION 5. Whenever said A. A. Pointer, his heirs, executors, administrators or assigns shall make any excavations or place any obstructions in the streets, while erecting poles or otherwise using, operating or repairing the said system, he or they shall, without unnecessary delay, repair the same and put the property in as good condition as it was before the excavation or obstruction was made. And in case any litigation shall arise or result for damages from said excavations or alterations or obstructions, the said A. A. Pointer, his heirs, administrators, executors and assigns shall save the said town harmless from any loss occasioned thereby, and shall defend all such litigation.

SECTION 6. Said A. A. Pointer, his heirs, executors, administrators or assigns, in consideration of the grant herein made, hereby binds himself and themselves to at all times provide and hold harmless the said town of Shirley City and its Board of Trustees from any loss or damages whatsoever growing out of the use of said streets or alleys, or any portion thereof, for the purposes herein mentioned, and shall at all times during the occupancy of said streets, or any portion thereof, fully protect and hold harmless the said town and its Board of Town Trustees, from any loss or damages whatsoever, growing out of any acts that may be committed by said Pointer, or his heirs, executors, administrators or assigns, in the construction and maintenance and operation of his electric lighting system over, along, across and upon the streets or alleys in the said town as hereinbefore mentioned.

Duly passed and approved this ..... day of ....., 1914.

This franchise will be heard by the Board of Town Trustees of Shirley City, Indiana, at 7 o'clock P. M. on the 24th day of March, 1914, in the Town Hall of said town.

LEGAL ADVERTISEMENT.

Sealed proposals will be received by the Board of Public Works of the city of Fort Wayne at their office in the city hall until 12 o'clock noon, standard time, on the 24th day of March, 1914, and then publicly opened and read, for the construction, delivery and erection of a Turbo Generator set, Exciter, Condenser, Switchboard.

Plans, specifications and forms for bidders can be obtained from the Board of Public Works of the city of Fort Wayne, Indiana, March 9, 1914, upon the deposit of ten ($10) dollars for each set, which amount will be refunded upon the return of the plans and specifications to the Board of Public Works on or before May 1, 1914.

Proposals must be accompanied by general plans and specifications sufficient to fully and distinctly show and describe all parts of the proposed apparatus as required by the specifications.

Each proposal or bid must contain the full name of every person or company interested in the same, and shall be accompanied by a certified check on some solvent bank in the city of Fort Wayne in the sum of ten (10%) per cent. of the amount of the proposal or bid.

Said certified check is required as a guarantee that if the bid is accepted a contract will be entered into and the performance of it properly secured. The contract bond will be fifty (50%) per cent. of the amount of the contract.

The Board reserves the right to reject any and all bids, or to accept any bid which it may deem advantageous to the city of Fort Wayne, independent of price offered. The acceptance of any bid may be based on the superiority in any or all the following particulars:

(1) Economy, (2) durability, (3) floor space, (4) safety and simplicity, (5) accessibility for repairs, etc., (6) overload capacity, (7) character of material, (8) workmanship.

Be it understood that the following contracts may be awarded separately:

LIVES AND MILLIONS LOST IN STORM THAT SWEPT SOUTHERN CALIFORNIA CITY.

Here are some of the first pictures from Los Angeles showing some of the havoc wreaked by the terrific storm that swept Southern California off its feet, inflicting $2,500,000 worth of damage and exacting a toll of seven lives. The upper picture shows one of the famous California bungalows in the middle of Arrayo Seco, in the suburbs of Los Angeles, and on the bank in the foreground is another house so precariously undermined that it is on the verge of toppling into the stream. According to Chief Deputy City Engineer A. C. Hensen, the damage done Los Angeles' streets by the storm will amount to $200,000. Estimates of loss to personal property run between $1,000,000 and $1,500,000 in Los Angeles and suburbs alone. Only one death occurred in the southern metropolis; the other fatalities were scattered throughout the southern territory from Santa Barbara south. The lower picture shows a house that has toppled into the stream where the current washed away the bank. In all, fifty homes in Los Angeles were devastated in a manner similar to this. All those in the danger zone hastily packed valuables and rushed to high ground. It is estimated that nearly a thousand were left homeless throughout the stormswept region.

JURY IS OUT BUT TWENTY MINUTES

William Huffman Convicted of Election Frauds at Terre Haute.

MEANS A PRISON TERM

Tegre Haute, Ind., March 5.—William Huffman, former councilman, now superintendent of cemeteries, was found guilty in the circuit court late yesterday of conspiracy to commit election frauds in connection with the recent city election. The jury returned the verdict after twenty minutes' deliberation. The conviction carries a penalty of from three to ten years in the state prison.

The verdict of the jury came after a day devoted to impassioned argument of attorneys for the prosecution and defense. The interest in the trial reached its highest point with the packed court room. Sentence was deferred by Judge Felix Blankenbaker.

Huffman was the first of the ten city officials and business men indicted by the January grand jury to be tried for participation in alleged election frauds. Along with Mayor Donn M. Roberts and others, he was indicted January 24. The charge against Huffman was that he, as the duly qualified election inspector, permitted ballots to be removed from sealed packages by persons not legally entitled to have possession of such ballots and that on the night before the election of November 3, 1913, 150 of the ballots were removed and marked for Donn Roberts for mayor.

Huffman was the first of the indicted men to be placed on trial and his case has held the attention of the court for more than a week. The state offered undisputed evidence that after the election supplies had been turned over to Huffman the day before election far more than 150 city election ballots and a like number of ballots for school trustee, were removed from the sealed packages and taken to a residence, where they were marked. Dr. E. T. Zaring, appointed by Mayor Roberts as a member of the city board of health, on the witness stand confessed his part in unlawfully handling the ballots. Edward Whistler, another witness, told of receiving money from Huffman for his help in marking the ballots and for delivering the marked ballots to Huffman. The state closed with the testimony of Mrs. Grover Smith, who told of the marked ballots being hidden in her house the night before the election. The defense rested its case without introducing any witnesses.

USED HIMSELF AS SUBJECT.

Chicago Surgeon Transplants Glands from Dead Man to Own Person.

Chicago, March 5.—Dr. G. Frank Lydston announced yesterday at the meeting of the Chicago Medical association that he had successfully transplanted the generative gland of a dead person to the body of a living man. Dr. Lydston declared that when he had been unable to find a subject willing to undergo the operation he had made the transplantation upon himself.

An operation performed January 16, 1914, he said, seemed to have been successful and the gland, taken from a youth of 18, who had been dead seventeen hours, appeared to functionate like an ordinary gland. Dr. Lydston said if the operation should prove a permanent success it may be a remedy for Bright's disease, hardening of the arteries and ailments due to premature senility. The surgeon said he had been unable to find any record here or in Europe of such an operation ever before having been performed.

INSANITY PLEA IN HARDIN CASE

Wife-Slayer in Bloomington Jail Refuses to Talk of Tragedy.

RELATIVES IN DENIAL

Bloomington, Ind., March 5.—Insanity, caused by jealousy over his wife's alleged attentions to other men, it is said, will be the plea of Thomas Hardin, who occupies a cell in the county jail here, charged with the murder of his wife, Jessie Hardin, Tuesday afternoon.

Mrs. Hardin's mother, Mrs. Jennie Richardson, lies in a critical condition at the Bloomington hospital from the effect of the two steel-jacketed bullets that were sent through her body by Hardin. Her death, physicians say, may occur at any time from peritonitis. One of the bullets perforated her stomach two times. Surgeons worked until late last night sewing up her wounds. The white-haired woman is making a brave fight for life, with the odds greatly against her.

Hardin Refuses to Talk.

Hardin maintained his silence yesterday and would not talk concerning the shooting or his domestic trouble to newspaper men, relatives or Coroner Harris. He smoked cigars continually during the day. He would not talk to any of the other prisoners. He ate the prison fare, although relatives offered to have his meals sent in. He ordered that his store be closed for two days.

Relatives of Mrs. Hardin stoutly deny her husband's charges against her character. After having trouble with her husband over the sale of a store she owned at Clear Creek, they say, she sued him for divorce Jan. 24, 1914, alleging abandonment. She moved from Clear Creek to this city in order to be away from her husband, and after he established a store here she went to Martinsville, where she intended to establish a residence.

Refused Reconciliation.

She returned from there Monday evening and was met at the train by Hardin, who begged for a reconciliation. She would not even allow him to carry her suitcase to a taxicab at the station.

Mrs. Hardin's mother had returned recently from Los Angeles, Cal., where she had been spending the winter, and was at Mrs. Hardin's home only temporarily at the time of the tragedy. Her brother, Fremont Miller, prosecuting attorney at Franklin, and her sisters, Miss Edith Miller, teacher at Fort Wayne, and Miss Zora Miller, of the Indianapolis schools, arrived yesterday to attend the funeral of their niece.

Hardin is the son of William T. Hardin, war veteran, living in the southeastern part of the county. He has never been in trouble before. He has employed a law firm to defend him.

Coroner Harris held an autopsy on the body of Mrs. Hardin and found she had been shot five times. The bullet that caused death penetrated her heart and lungs. Four others were buried in her back. Coroner Harris will hold an inquest at his office today and will examine a number of witnesses in the hope of throwing further light on the affair. The Monroe county grand jury will also make an investigation at the coming term of the circuit court.

WOMEN RESENT NEGRO'S FATE.

Would Impeach Judge Imposing Thirty-Year Term for Kiss Theft.

Los Angeles, March 5.—White women threaten to impeach Judge Willis, who sentenced Charles H. Guyton, a young negro, yesterday to thirty years in prison for stealing a kiss from Mrs. Daisy Stagwald, a white woman. Guyton stopped Mrs. Stagwald while on a street and took 10 cents from her, but returned it when she kissed him after he had threatened to kill her if she did not. Judge Willis explained to several women yesterday that the sentence was imposed for highway robbery. Some of the women said they would appeal to the governor, while others consulted the district attorney to learn the procedure necessary for impeachment. Other women said petitions were being circulated for the judge's recall.

Society

Mr. and Mrs. William S. Morris, who had met Miss Alma Gluck at a number of social affairs in Richmond, Va., gave a small and informal supper party at the Anthony hotel after the concert at the Majestic last evening. Miss Gluck is said to be as charming to meet personally as her unusual attractive presence and manner on the concert stage would lead one to suppose. The invited guests last evening were Mr. and Mrs. Edward White, Mr. and Mrs. C. D. Gorham, Mr. and Mrs. Joseph Lohman, Miss Katherine MacDougall, Miss Edith Nickell, Mrs. Clark Fairbank, Mrs. James L. Taylor, jr., Dr. Maurice Rosenthal, George Bailhee, Mr. and Mrs. F. E. Stouder, Mr. and Mrs. Ferd Uhlhahns, Miss Hanna, Mr. Adams and Mr. Rosenthein. The two latter men are associated with Miss Gluck on her tour, Mr. Rosenthein being her accompanist at the piano, and a most artistic one. Mr. Bailhe and Mrs. Rosenthein are old friends.

AT THE MAJESTIC.

"The Common Law" Saturday.

So great has been the pressure brought to bear by an insistent public through the medium of the mails and personal interviews that Robert W. Chambers, the author of so many well known novels, has finally decided to allow his biggest work, "The Common Law," to be dramatized under his supervision. The transformation of an absorbing story from cold type to the warm glow of the footlights is no easy matter, but A. H. Woods, the well known theatrical producer, has eminently succeeded in getting together the crystallized substance of the story and moulded it into dramatic shape and the new play fresh from its triumphs in the principal cities will be seen at the Majestic Saturday matinee and night. That the stage version has been well done, that the scenery is artistic and that the whole result is in every way satisfactory has been amply proven by the praise of both Mr. Chambers, the novelist, and Charles Dana Gibson, the celebrated artist, who illustrated the original work.

* * *

"The Round-Up" Next Monday.

The stage would be much better off were there more plays like Klaw & Erlanger's "The Round-Up." This play, while it enjoys and justifies the reputation of being the most stupendous production on the American stage, is at the same time one of the sweetest and most wholesome ever offered for an audience's approval, and its tender and compelling story of the southwestern border line is told in a delightfully pleasing manner. The cast is an exceptionally clever one, while the scenic production is most complete and effective. "The Round-Up" will be seen at the Majestic theater Monday evening.

AT THE TEMPLE

A bill calculated to furnish amusement for every character of vaudeville-goer is the one that opened this afternoon for a three-day run at the Temple theater. Of course everybody likes Lew Hawkins. That simply is taken for granted, for the "Chesterfield of Minstrelsy" has been story telling his way into the hearts of American people for so long he has become an institution.

There's a class of vaudeville fans that want to be thrilled by an exhibition of muscular strength and dexterity and they will be fed to satiation by Francis Gerard, whose cannon ball juggling is a thriller if ever there was one and his powerful frame is a delight to the eye.

Vaudeville long since discovered the merits of a comedy sketch, boiled down to about fifteen minutes, with a laugh in every line and bit of business, and "The Prince," the offering of J. C. Nugent and company, is the very latest result of this discovery.

Miss Mike Berkin and her trained violin contributes the musical portion of the amusement. This charming young woman is a skilled violinist and she is certain to be a prime favorite before the week is out.

Anyone who thought that wire walking was a lost art will change his mind when he sees Bollinger and Reynolds in their wire act. A clever Keystone photo-play rounds out this bill of straight vaudeville.

AT THE EMPRESS

Dick Lynch, now at the Empress, is a comedian. There are comedians and comedians, but Lynch is of the type that really comedes. His droll stories, his funny witticisms, his eccentric dancing, and his clever topical songs place him in a class by himself. In fact he is one of the standard acts of the year, and season after season keeps himself prominently before the public with up-to-date material all the time. Not an old story nor a stale song is in his repertoire and this year's crop of jokes are all of the vintage of 1914, and undoubtedly have never been heard before. It has always been said that the Irish are witty and Lynch is without a question a true son of the "old sod." Even the most hardened and most blase theater-goer must laugh at the funny characterizations that he impresses on one's mind. His dialogue is clean and refreshing and his entire act appeals to the ladies and children particularly will naturally laugh when the women folks start.

The "Country Store" will be presented with a brand new line of gifts on Friday night.

HOLD KILLING JUSTIFIED.

St. Louis Grand Jury Fails to Indict Gunman Slayer of Simon.

St. Louis, March 5. The grand jury here decided that Henry Zang was justified in killing Wesley "Red" Simon, three hours after Simon went on trial last Monday for the murder of another gangster.

Zang, who was to have been the chief witness against Simon, testified he shot the defendant when he thought Simon was about to kill him in accordance with threats made on Zang's life by the gang of which Simon is said to have been a member. The killing took place in a saloon across the street from the municipal courts building during a ten minute court recess in the Simon trial. Zang probably will be released unless a charge of larceny now pending against him is pressed.

STUDENT CAMP AT LUDINGTON.

War Department Selects City in Michigan for Drills.

Ludington, Mich., March 5.—A message from Washington says this city has been selected by the war department as the scene of a students' camp this summer, the dates set being July 6 to August 7. The camp is expected to have about 1,000 students from colleges and universities of Michigan, Indiana, Illinois and Ohio.

Fur-Trimmed Stocking and Week-End Garter, the Latest Parisian Creations.

We have heard of the fur anklet in this country, worn by feminine bathers, but now Paris sends us the very latest in stockings showing a snake of fur coiling from the ankle to the garter. This fur-edged stocking is much in vogue with evening dress. On the right is the gold-clasped garter, with the "week end" bag, which has become very popular.

One Virtue in New Income Tax Law—No Age Inquiry in It

Mrs. Gussie Ogden

Cincinnati, March 5.—Mrs. Gussie D. Ogden wouldn't mind paying an income tax at all if she had the right to vote, she says. She will be charged with a considerable tax owing to her holdings in the Ogden estate.

There is only one virtue, according to Mrs. Ogden, in the income tax. That is it does not require a woman taxpayer to tell her age.

MISS ALMA GLUCK IN SONG RECITAL

Velvety-voiced and charming Alma Gluck spent last evening in Fort Wayne and a large audience at the Majestic theater hung on every tone and wanted more at the end of a long program given under the auspices of the Morning Musical society. No singer of operatic or concert fame has given keener pleasure than did Miss Gluck. Not only her very lovely voice of clear and beautiful texture but her impressive and captivating personality combine with an art that is very positive in itself in making Miss Gluck remarkable. One is also impressed with a sense of her youth, or rather with a feeling that she has an abundant vitality that will always keep her young. There is apparent in her manner and her presence as well as in her singing a certain joyousness of being alive and loving to sing. She seems to have reached a degree of attainment vocally where she is entirely free to sing as she feels, and not be hampered with technical things in tone making, or breath control. Miss Gluck's voice is not so big as to be astonishing neither is its range remarkable, but its lovely quality is and so is her ability to sing. Always was there felt an an almost indefinable something that distinguished her from anyone else, not alone as the born artist, or the one who has accomplished much in her art, but as a distinctive singer. Each song of the program proper brought out something different in its expression for the audience to enjoy. The applause at the close of the opening song displayed appreciation of the singer and her number and each song brought forth more and more warmly expressed enthusiasm. Many of her numbers Miss Gluck repeated and in the first group of songs she sang as encore "The Lass With the Delicate Hair." It was in the Rachmaninoff pousad-song however that Miss Gluck disclosed her possibilities in dramatic expression. The Rubenstein spring song and the "Song of India" were among the best things of the evening. The latter song in particular was a model in beautiful flowing tones, in which Miss Gluck's perfect diction and phrasing were as delightful as her expressive face and her art of carrying conviction to every listener. "My Laddie," "From the Land of the Sky Blue Water," "Old Folks at Home," and "Will-o'-the-Wisp" were numbers given as encores and Miss Gluck repeated much of the program besides. The audience also highly appreciated the fine work of Arthur Rosenthein, Miss Gluck's accompanist. His work was not mere technique, but a delicate understanding and a perfection of support. Miss Gluck sang a song written by Mr. Rosenthein which was also one of the numbers demanding a repetition. It was hoped by some of the audience who knew of Miss Gluck's engagement to the noted violinist, Zambelist, that she would sing one of his compositions but the opportunity to introduce what she had did not appear to find a right place on her program.

RICH MAN ADOPTS POOR NIECE.

Takes Her Out of Industrial School in His Philanthropy.

Milwaukee, Wis., March 5. After being a charge of the State Industrial school two years, Helen Sherman is now a ward of a millionaire, her uncle, Charles Page of Tulsa, Okla.

Mr. Page is engaged in philanthropic work. It is said he has adopted 300 poor children and intends to increase the number to 1,000.

Hearing of the work the philanthropist was doing, Helen remarked to Miss Mary J. Berry, superintendent of the industrial school, "He is my uncle."

Miss Berry took the situation up with Mr. Page, with the result that Helen is living with the millionaire.

PLANS WAR AGAINST FLIRTS.

Aurora Policewoman to Guard Girls from Street Corner "Mashers."

Aurora, Ill., March 5.—Miss Anne Forsyth, Aurora's policewoman, is planning a busy campaign for the coming spring and summer. She will start a vigorous crusade against flirting in Aurora streets.

Miss Forsythe asserts that one of the greatest dangers to young girls is the young man flirt in the downtown streets. He stands on street corners and flirts with nearly every girl that passes, she says.

Miss Forsyth will be on the downtown streets every night after the arrival of mild weather. It is too cold now for the "downtown parade," but as soon as warmer weather comes the flirts will be out, she asserts.

Mrs. Frank Besse has returned from St. Louis, where she was called by the death of a niece.

This Woman Helps to Make History.

Mrs. D. C. McCann.

Mrs. D. C. McCann, former president of the woman's Press club of California and the Friday Morning club, is the first woman ever appointed a member of the Los Angeles civil service commission. She is prominent in Los Angeles by virtue of her work in favor of suffrage and her interest in all forms of social welfare work.

SEE SUCCESS IN BANKING SYSTEM

"Has Yet to Be Tried Out But is Improvement Over Old."

SAY LOCAL BANKERS

When asked today whether he considered the new currency law, providing for a federal reserve system would work out successfully, President Charles McCulloch, of the Hamilton National bank, said:

"The defects in the new law will be easily remodied as soon as the banks get going under the changed system. I believe that the new currency law is going to work out very advantageously. There is no question that the new system is a great improvement over what we had before and when it is in full working order its good effects will be widely appreciated.

"Of course you must understand there are certain limitations and certain obstacles that will have to be overcome, but these will be attended to as soon as the system is in operation. As a matter of fact, I regard the passing of the new currency bill as the greatest event in the history of the country.

Must See It Work.

"When the new banking system is in operation we will be able to express more extensive views concerning its success," said Charles H. Worden, vice president of the First National bank. "It is surely an improvement over the old system and we have every reason to believe that once it gets under way it will work out to the best advantage of everyone and will be a success."

TAKEN ON BRIBERY CHARGE.

Joseph M. Sullivan, Prominent South Bend Politician, Under Arrest.

South Bend, Ind., March 5.—Joseph M. Sullivan, a prominent politician, proprietor of a hotel here and former owner of the local baseball club and well known as a horse race enthusiast, was arrested here last night upon a charge of bribery. The arrest was made in the city hall by John Kuespert, chief of detectives, after it is alleged Sullivan handed him $100.

Sullivan was to have been tried tomorrow upon charges of having illegally sold liquor here and it is alleged that he paid Kuespert the money to have the charges against him dismissed. As the judge of the city court had gone home Sullivan was unable to give bond and was kept in the city jail last night.

IS YOUR CHILD'S TONGUE COATED?

If cross, feverish, constipated, give "California Syrup of Figs."

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomachache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative;" they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.- Adv.

Lazy Livers

Are probably the cause of more ills than any other source of bodily ailments. But such troubles can easily be overcome by stimulating the liver to its natural action.

Is the most effective liver regulator you can use. It promptly restores the organ to natural healthy action.

This remedy is more beneficial than drastic cathartics and its effect is lasting.

SEVEN MONTHS IN JAIL FOR WEBBER

Man Who Invaded Hibler Home and Assaulted Woman Gets His.

NEWS OF THE POLICE

Judge Kerr, in the city court today, sprung a surprise on William Webber, charged with assault and battery on Mrs. Georgia Hibler, 318 West Lewis street. The testimony was all in. Webber had testified in his own behalf, denying every serious allegation. Judge Kerr referred to the fact that Webber was a decent-looking chap, seemed to have intelligence and had already spent almost a month in jail awaiting trial. In view of these mitigations the court felt moved, said the judge, to be lenient in its judgment. Yes, indeed.

"I will therefore fine you fifty dollars and costs and give you five months in jail."

Webber almost fell off his chair. Unless he pays the fine and costs he will have to remain in jail seven months. That will make a total of eight months of penal servitude for his drunken escapade on the night of February 11, when he tore into the parlor of the Hibler home and seized Mrs. Hibler in a drunken embrace. Mrs. Hibler had just returned from a hospital, where she had undergone an operation and a long period of treatment for a serious nervous disorder. Webber's attack prostrated her. Mr. Hibler, answering the screams of his distracted wife, threw Webber out of the house, gave him a thrashing and dragged him to the Lepper drug store, on West Jefferson street, and turned the man over to the police. Today was the first that Mrs. Hibler was able to take the witness stand and she almost collapsed. She was down two weeks ago, but was unable to undergo the ordeal of testifying.

Brace of Fairies Fined.

Ora Null and Elma Olds were the names given by two young women who got drunk last night and paraded the streets, causing disorder. They refused to turn in when ordered by an officer and were carted over in the patrol. Both entered pleas of guilty and were fined $1 and costs each. The Null woman has been in court before.

Stole Some Engine Curtains.

William Vitoria and Tm Denlos, wops, pleaded guilty to petit larceny and got $10 and costs with suspended sentences of twenty days each. They stole seven pairs of locomotive curtains from the Wabash shops and were arrested by Special Officer Mulvihill, of the Wabash police service.

Other City Court Cases.

Fritz Meyers, who said he had a good job on a farm near New Haven, was yanked from a crate in which he was bunking in the alley along the Fort Wayne Transfer company's barn, on East Wayne street. He had an inside souse and a bottle of medicine for body vermin. He was released.

James Hacket, a hobo, pleaded guilty to getting drunk, but promised to get out of town in an hour and was allowed to try.

Jim Kennedy, a vag, Robert Brown, a drunk, who also has fits and threw one in the station to prove it, and Ben Williams, a colored loiterer, were allowed to go. Williams had two suits of clothes on when arrested the other day and a pawn ticket for a gold watch he had soaked here. He had been trying to sell the pawn ticket for 30 cents. Nothing could be learned against him.

HIT SWEETHEART WITH BRICK.

A buxom colored wench called at police headquarters this morning and told Lieutenant Bevelheimer she wanted to be locked up.

"What have you been doing?" asked the lieutenant.

"Ah done smeared mah sweetheart ovah do haid wiv a brick."

"Where is he—does he want you arrested?" the colored lady was asked.

"He's done gawn to his job, but he's got a bad haid whah I smeared him. I suah must be locked up."

It was gleaned that her sweetheart had betrayed her honor, plunged her into embarrassments and would not give her any money. She "smeared" sweetheart and was gnawed by remorse. The officers chased her away.

BURIAL AT LOGANSPORT.

The remains of Mrs. W. G. Nash, who died recently at her home in Harrington, Me., passed through Fort Wayne at noon today, enroute to Logansport for burial. Mrs. Nash was an aunt of Thomas E. Ellison, of this city, and had visited here many times.

Turn Hair Dark With Sage Tea

If Mixed with Sulphur It Darkens so Naturally Nobody can Tell.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's treatment, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product called "Wyeth's Sage and Sulphur Hair Remedy" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive; besides, prevents dandruff, itching scalp and falling hair. —Adv.

NEW THINGS AT THE NOTION COUNTER

—Tango dress shields are the latest acessory bearing that popular name, and a real boon to women who are wearing the new raglan and elephant sleeve blouses. These dress shields are made on a transparent net foundation, easily slipped on, and ready to wear with any blouse or dress. Priced at 50c a pair,

—Flesh colored silk shields are made especially to wear with the sheer lace and net waists. The flesh tint makes them almost invisible, and their advantages are quickly discerned. 35c and 40c a pair.

—Stickerei embroidered scallops by the yard are unusually dainty and pretty this season, and come by the bolt, ready to use as trimming for tub dresses and children's frocks. They come in white embroidered in various shades of blue, red, pink, lavender and black.

Housewives please note that the demonstration of Wear-Ever Aluminum will continue for the next ten days. Scores of women were amazed yesterday to see how easily griddle cakes could be fried without grease. Friday and Saturday a special demonstration will be given of cooking meat in the Wear-Ever roasters—you'll want to see this!

NEW LACES

It seems as though the Spring gowns and the Summer gowns are to be almost entirely of lace—or at least to show a lavish use of it as trimming.

Shadow lace for instance—it forms the tier skirt and the ruffled skirt of the dancing frock, and makes that new "spiral" effect that combines freedom of step with a slim appearance—and makes one wonder where the skirt begins or ends.

They're all here, of course in all the loveliest of the new novelties, ready for your early choosing.

It's June in the Waist Section

Put away all thoughts of blustery March when you step into the Waist Section: for the calendar has been put forward three months here!

The sheer, lovely lingerie blouses have been coming in so quietly, so steadily for weeks, that now, at the first of March, we have a showing of white waists that will not be excelled at the very height of Summer.

Novelty has been the keynote in designing them—seems like there are scarcely two alike. Such a variety of soft, sheer fabrics, used singly or in combination—long sleeves, and short ones; collarless models finished around the throat with soft frilling, or with becoming flat embroidered or lace trimmed collars that many women prefer.

The prices start at $1.25 and range gradually up to $10.00.

A Special Showing at $1.00

Includes plain but attractive models made of fine lawns and rich cloth; also daintily trimmed effects of French voile.

Women's Fashions Are Getting Into Babyland---Look at the New Baby Coats

Charming little Spring coats that actually have kimono and low shoulder sleeves; and nearly all have wide belts or girdles set low. One style has a pocket in its belt which chubby fingers can be poked into.

Materials, too, are different. Instead of the inevitable serge there are honeycomb cloths, novelty stripes and diagonals.

Such coats for 2 to 6 year olds cost $3.95 upward.

The New Fashions in Suits

Hundreds of new suits for Spring stepped out of their boxes yesterday, ready today for the throngs of women whose thoughts are busy with fresh Spring clothing and who are eager to know what the designers and manufacturers are doing for them.

All the suits, even the simplest tailored ones, are exceedingly feminine. They are frilly and inconsequent and charming. Among them you will see all the new collars—the Revolutionary and Incroyable and Lord Byron; you will see longer coats, Empire coats; odd cloth sashes; satin and pique vests, and the delightfulest Spring colors, generally. And prices run from $25 to $45.

HENRY F. BULLERMAN.

Today Announces Himself as a Candidate for Justice of the Peace.

Henry F. Bullerman, one of the best known and most highly esteemed citizens of the county is a candidate for justice of the peace in Wayne township and will be voted for in the democratic primaries April 3. Mr. Bullerman is a native of Fort Wayne and except for a few years spent in California has spent his entire life in and near the city. While he was small his parents moved to St. Joe township to engage in farming and in the schools of that township he received his early education. At the age of 14 he entered Concordia college here and from the age of 18 until he was 22 was employed by the Pennsylvania company in Fort Wayne. He then returned to the farm where he remained until the age of 26, when he went to California, where he remained from 1876 to 1881, and where he had the misfortune to lose his right arm. He returned to the farm in 1881, in 1882 was made road superintendent in St. Joe township, and while acting in that capacity built the first mile of free gravel road ever put down in that township. In 1884 he was elected township trustee and served two terms in that office. In 1888 the democracy of the county nominated and elected him to the office of county commissioner, where he served with credit to himself and usefulness to the people. He came in 1891 to the city and has since that time resided here. He was appointed in 1896 to the office of justice of the peace for Wayne township, succeeding M. H. Bohen, who had resigned. During his term as justice he tried many cases that were appealed, but the record shows that in almost all cases he was sustained by the higher courts, even by the supreme court of the state, where some of his decisions were tested. In 1902 Mr. Bullerman engaged in the foundry business with success. He is married, has five children and resides in his own home. Mr. Bullerman's democracy is rock-ribbed, his character is above reproach and his fitness and ability for the office of justice are unquestioned.

JACK HENDRICKS REFUSED PROUGH

Mistake Entitles Him to Place Among the Famous Pilots.

GETS THIRD CHANCE

Jack Hendicks turned down a chance to sign Grover Cleveland Prough for the Fort Wayne Central league team and in this respect he has claim to a place among the great managers of baseball because not one of them who has attained any prominence attained it without having passed up a player or two who afterward made good with some other club.

Fort Wayne's early practice games in the particular season referred to included a game with Huntington and a lanky lad assigned to do part of the pitching was called to Hendrick's mind. He gave the pitcher a "once over" and decided he had nothing.

This pitcher was Grover Cleveland Prough, the pride of that section of the country that is now looking with more or less pride upon the basket ball club that is making a name for Zanesville.

Of course, said Grover Cleveland Prough has not burned up anything since but Claude Varnell lost a nice sum of money by not getting hold of this youngster and the hurler is now making his third try for fast company as a member of the White Sox pitching staff.

Prough's first chance was given him by Mart Cleary, who joins the ranks of the "ex's" after many years with the Shamrocks. He pitched two balls for this eminent manager in a Sunday afternoon contest and each one of them dented the grand stand after it had whizzed past the catcher so wide of the plate that there was no chance to check either in its flight.

In the early spring following a contract for $100 a month was offered Prough and the emissary of the Fort Wayne team who met the pitcher at Ossian felt sure the big country boy would jump at the chance as he had just put in a winter of chopping wood at the rate of a dollar a day. He shied off, however, and eventually signed with Keokuk at an advance of $25 a month over the Fort Wayne offer.

After a year's experience he was sold to the St. Louis Nationals but turned back in the spring without a trial. Then he went to Birmingham and was picked up by the Cincinnati team but again sent back and his present engagement with the Comiskey troupe is giving him the first real chance he has had.

The Cardinals paid $1,500 for him the first time he moved to higher circles and this money could have been earned for the owner of the Fort Wayne team if Hendricks had not been mistaken in the ability of the young pitcher.

NO SYMPATHY IN THE CITY GAMES

Turners Must Play Best Basket Ball to Win Next Game.

TEAM MUCH STRONGER

There will be no sentiment in the city series basket ball contests and the fact that the Turner team has not been able to win a game so far will not excite the least sympathy in the engagement booked for tonight at Library hall with the St. Paul squad.

As a matter of fact the Turners do not want any sympathy and if they win they desire to be certain at the end of the contest that a victory was gained purely on the merits of the players and not because the enemy eased up a bit to let the tailenders get into the running.

Barth and Bates have been out of the line-up for the last two months and the Turners attribute their poor showing to the fact that these players were prevented by injuries from taking part in the series. Those men promise to be on hand for the battle tonight and their presence will inject a lot of confidence into their teammates and they promise to make the game interesting.

On the other hand the St Paul contingent feels absolutely safe in this contest. Its wonderful showing this season has inspired a feeling in the ranks that is carrying the club along at a fast clip and the team that beats it is sure to realize that it has been in a battle.

The club has also been fortunate in the fact that none of its players has been injured and the team has been intact. True, it lost one player, but Pete Dietrich went in in his place and made the team much better than it was.

Both teams have big followings and the seat sale indicates the presence of a big crowd. The Turner prestige for the remainder of the games hinges on its performance tonight and it must win to hold its patronage and the men will play hard with this in mind. Prof. J. J. Ritter has been chosen as referee. In the preliminary the Rexalls and the South Wayne teams will be pitted against each other.

READY FOR NEW HAVEN.

Shawnees Hope to Take New Haven Team Down the Line.

Members of the Shawnees have spent their last few nights developing their team play and they expect to trim the New Haven high school club in a game booked for this evening at St. Paul's hall on West Washington boulevard. This is New Haven's second appearance here, having been defeated the last time, and are out for revenge. Therefore the game ought to be a big attraction. Miller and Kramer will be at forward for the local club, with Mensing at center and Sueltz and Bruner or Schmidt on the defense line.

AEOLIANS AND SOUTH WAYNE.

Two Teams Booked for Lyceum Game and Expect Hard Battle.

Followers of the second string basket ball teams of the city look for a fast and hard battle at St. Patrick's Lyceum tomorrow night when the Aeolians and the South Wayne clubs get together. Friends of the players on these clubs are strong for their favorites and expect to turn out for the battle.

The Aeolians have changed their playing nights to Wednesday or Friday instead of Thursday, and will not start their games until 8:30 o'clock, so that the people who attend the Lenten services will have a chance to see the contests. A good preliminary will be staged tomorrow night.

PIRATES AMONG THE FIRST.

Among the first baseball clubs to organize for the season is the Pirate club, and the players already engaged are: R. McDevitt, C. Fletter, M. McDevitt, E. Boseker, T. Bender, E. Ball and R. Sands. Infielders: McKering, Roller, Brockeman, Seabold, Elmsdiel, catchers; Burton, Gruber and Weltzman, pitchers. Out of town clubs desiring games are requested to write Manager Ed Huber, 1717 South Harrison street, Fort Wayne.

George Huff Thinks the Amateur Base Ball League is a Good Idea.

(By Hugh S. Fullerton.)

George Huff, athletic director of the University of Illinois, leading advocate of liberal amateurism for college men, and exponent of summer base ball, is enthusiastic over the national amateur championship tournament now being arranged.

"G" Huff, as he is best known, has led the Illini to championships for many years and has developed more excellent base ball players than any other college man.

"The national league of amateur clubs is a big thing," he says. "The promoters of tournament may call upon me for any advice or assistance I may be able to give.

"I am a great believer in amateur sports, in amateur base ball and the development of amateur clubs and players.

"The amateur league undoubtedly will give a great impetus to base ball all over the country, and furnish players with the necessary incentive to work and develop themselves and their teams. It will have the ardent support of college players and I should think that in the working out of the final plans some provision should be made that will admit college teams to compete in the elimination contests and, if they win, in the finals. I mean by this teams composed of college men in various towns and cities who may organize independently of their university or college connections.

"The great trouble with amateur base ball has been the lack of any central government to which appeals may be made, or decisions rendered. The organization of the national league of amateur clubs will furnish that.

"The officers chosen to lead the amateur league give it strength and character to start with. The organization should be strengthened and perfected by time, and become the recognized authority of amateur base ball, as the national commission is of professional base ball, or the A. A. U. of other sports.

"It would be certain of the active support of organized professional base ball everywhere. The owners of professional clubs realize that the prosperity of their game, and the development of competent players depends largely upon the amateur teams, and they would give such support and encouragement as they could."

THE SINEWS OF WAR.

New Haven, Conn., March 5—The Eastern association baseball directors today voted to set aside 10 per cent. of the gross receipts of all games for a special sinking fund, to aid clubs in financial difficulties or to meet other emergencies.

DIDN'T LIKE LETTER.

Manager Bill Donovan sent Grover Young a contract to pitch for Providence next season and got a reply that he didn't like. He went to Wheeling to sign Eddie and Jack Onslow for his team, and told Claude H. Varnell of the letter, and said at the same time he believed he could get along with Young.

Mr. Varnell said he would take the pitcher back at the draft price of $750, and after Donovan found he would have trouble signing the man he asked for and was given waivers and turned Young back to Fort Wayne.

This explanation was given by Mr. Varnell to show there was no attempt to cover Young up in the draft. He would like to have had him make good, and he probably would if he had taken hold in the right spirit.

Training in a baggage car of the train which took him to Chicago from the coast, Willie Ritchie found himself only five pounds above the weight, 135 pounds, at which he will fight Ad Wolgast. The mill is scheduled for Milwaukee on March 12.

SPECIAL "HEALTH WARNING" FOR MARCH.

March is a trying month for the very young and for elderly people. Croup, bronchial colds, lagrippe and pneumonia are to be feared and avoided. Foley's Honey and Tar is a great family medicine that will quickly stop a cough, check the progress of a cold, and relieve inflamed and congested air passages. E. C. Rhodes, Middleton, Ga., says: "La grippe gave me a hacking cough for which I got no relief until I took Foley's Honey and Tar Compound, and was soon well of both cough and cold." NATURE PICKS A FEW GOOD CLUBS

Trophy Winners Could Organize Strong Teams Under the Rule

POINTERS ARE GIVEN

(By E. H. Lanigan.)

Picking star teams being a favorite occupation of the scribes and the fans during the off season, it is strange that no one has thus far tried to find out what Dame Nature's selections for an All-American outfit are. The Old Lady saw to it that the six players voted by the experts the most valuable to their teams and rewarded for their skill with Chalmers cars each should have been born in a different month. Tris Speaker reaching this sphere in April, Jake Daubert in May, Larry Doyle in July, Frank Schulte in September, Walter Johnson in November and Ty Cobb in December. In these months other star athletes were born, plenty, as a matter of fact, to equip six teams.

The Johnson club, made up of men whose birthdays are in November, would have the choice of three leaders, either George Stallings, Clark Griffith or George Stovall. Johnson would have able assistants in the pitching staff in the persons of Bill Steen, Marty O'Toole and Joe Bush and two of the best pinch hitters in the world in Jack Lelivelt and Ham Hyatt, who would form two-thirds of its outfield.

The Doyles, born in July, also could make a choice of managers. Joe Tinker, Charley Herzog and Johnny Evers having been born in that month. This team would have on it Joe Jackson to hit, Bob Bescher to run bases, Steve O'Neill, Ivy Wingo, "Chief" Meyers and George Gibson to flag base runners and a pair of southpaw pitchers in Leverenz and Hamilton to make life miserable for men who hit from the off side of the plate.

The Speakers, born in April, would be commanded either by John McGraw or Hugh Jennings. They would have a great pitch staff in Marquiard, Hendrix, Ford, Scott and Gregg and a sturdy outfield in Speaker, Lewis and Crawford.

The Daubierts, born in May, would be without a leader, but either Jake or Eddie Collins could jump in and command with credit. Their twirlers would be of class, Wash. Cheney, Adams, McQuillan, Rixey and Bender composing a sextette that would be as famous as "Florodoras." Three-fourths of the infield—Daubert, Collins and Gardner could hardly be improved on.

The Schultes, born in September, probably would be stronger at the bat than the Doyles, Speakers, Johnsons or Daubierts, such men as Luderus, Lajoie, Konetchy, McInnis and Clarence Walker qualifying as members. Frank Chance would lead this team, which should have two consistent winners in Bert Humphries and Al Demaree.

The Cobbs, born in December, would be directed by Connie Mack and they would have a pretty fair pitching staff in Reulbach, Willie Mitchell, Bob Shawkey and Fred Falkenberg. Tyrus's associates in the suburbs would be Mike Mitchell and Joe Birmingham.

The full makeup of the six teams is as follows:

Johnson's Team—Born in November.

Manager—George Stallings, born Nov. 17, 1867; Clark Griffith, born Nov 20, 1869, or George Stovall, born Nov. 20, 1881.

FACTIONS READY TO OPEN BATTLE

Feds and Organized Men in Camp Waiting for the Tourists.

MINORS IN FORCE

New York, March 5.—Baseball men from all parts of the country are arriving in New York today to welcome the returning world touring Giants and White Sox, and incidentally to discuss the invasion of the Federal league, and as was the case when the rulers of ordentganized baseball conferred here recently, the chief organizers of the new organization of so-called outlaws are planning to make their presence felt. This time President Gilmore and several managers and owners of Federal league teams are said to have their eyes on some of the returning tourists. President Gilmore wants Crawford and Speaker for the Brooklyn team, while Manager Brown, of the St. Louis Federals, will try to sign Lee Magee and Ivy Wingo. Doolin is another player the Federals are after.

M. H. Sexton, president of the National Association of Minor League Clubs, John Farrell, secretary of the same organization, President Barrows, of the International league, and other leaders in minor league circles are already here and others are expected to arrive today. Mr. Sexton declared today that the Federals will not last long enough to be a real menace to organized baseball, and President Barrow flung another challenge at President Gilmore to do his worst.

Ban Johnson, president of the American league, and President Teber, of the National league, will be here for the welcoming banquet to the world tourists Saturday night, and meetings between them and the minor league officials, it is said, have been arranged to discuss plans for a campaign against the Federals.

POSTMASTER UNDER CHARGES.

Harrietta, Mich., Official Arrested, Accused of Embezzlement.

Harrietta, Mich., March 5.—Frank E. Shafer, postmaster of this village, was arrested by United States Marshal Whelan, of Grand Rapids. Shafer is charged with embezzlement of postoffice funds. He was released on bond of $500. The shortage is said to be between $500 and $1,000.

ENTERED PROTEST ON GAME.

Manager Arnold Scherer has entered a protest on the Friar-St. Paul game Monday night on the ground that Manager Charley Pask used players not agreed upon when the arrangements for the series were made. He was given the right to Louis Scott, and Manager Scherer is of the opinion that he should have played him throughout the game.

The protest will go to the athletic board of the Friars, which will handle basket ball matters for the remainder of the year, and will be given full consideration. If the protest is granted the game will be played over. St. Paul fans believe it ought to be, and hope the protest will be decided in their favor.

TRYING OUT NEW PLAYS FOR GAME

St. Mary's Athletics Have Been Working Hard for Concordia.

TEAM IS STILL INTACT

Members of St. Mary's Athletic basket ball team are working on a number of new plays, both of attack and defense, with the hope of beating Concordia college in the game booked for Library hall tomorrow night. The clubs have met before and the Saints held their own in the first period but were beaten to a frazzle in the second.

The Saints think they know just how this disaster was brought about and they believe they can put on a line of play that will prevent a repetition. With this in mind the men have been working hard on some new ideas and they expect to inject them into the affair and force the college athletes to play the full series of three games to see which has the best club.

Miller expects to get into the line-up and stick throughout the engagement, and if he does his presence will help the Saints as he is one of the most accurate shots in the city. Of course a husky collegian will be assigned to the task of keeping this man under cover at all times but he is rather elusive and hopes to manage to break for enough trys to put his club in the running.

If the Concordia team wins the game it will probably retire in so far as contests with Fort Wayne clubs are concerned. It will not play either St. Paul's club or the Friars unless there is a wonderful change of heart, and this may be the last chance to see the students in action. However, the Saints will do all in their power to give the public another chance. With the club intact and going at a good clip the men believe they can win, and if confidence counts for anything they have the victory all but sewn up right now.

The referee has not been chosen for the game but his name will probably be announced tomorrow.

TO PAY TEN CENTS ON DOLLAR.

Bank of Plainfield, Ill., Will Make Settlement With Depositors.

Aurora, Ill., March 5.—After working for several weeks on the books of the Plainfield private bank, which has been closed since the president, John Evarts, disappeared Dec. 18, Alfred Corbin, the trustee, said yesterday that it probably would pay about 10 cents on the dollar. The deposits of the bank amounted to about $80,000, and Mr. Corbin said it was probable that $9,000 or $10,000 could be realized from the assets.

PLAIN TRUTH THAT'S WORTH MONEY.

Using Foley's Honey and Tar for a cough and cold is just practical common sense. It is exactly made to stop a cough and check a cold and it prevents lagrippe, bronchitis or pneumonia. F. F. Monahan, Menomonie, Wis., says: "I am exposed to all kinds of weather and I find Foley's Honey and Tar Compound always fixes me up in good shape when I catch cold or have a bad cough. I recommend it gladly." Refuse substitutes. For sale by Dreier Drug Co.—Adv.

STERN HAND OF THE LAW IS SHOWN IN LAW STANDARD OF BOXERS.

(By Eddie Graney.)

Why are the fighters of today falling below the standard of the old ring days? It is the law.

Everyone admits that there are no Tod Sloans or Fred Parals—no great jockeys today. Boxing and horse racing have languished for identically the same reason.

The tightening of the statutes around ring battles, especially the long distance goes, has limited the recruiting ground for raw material to comparatively few localities.

Where any sport is thus handicapped it is of course shortly stamped out of existence. Those exponents who persist despite this obstacle, are bound to fall to a lower and lower standard.

The development field in boxing has been narrowed down practically to California.

Hundreds of fight clubs have passed into the limbo of the forgotten. There are few boxing instructors, and many of these have scarcely had on a glove. There is no encouragement for youngsters to get into form in cities under the ban.

During the period when this country produced its crop of great ring men—from 1887 to 1896—fights could be held in any state and any city. Every locality was developing promising men. There were many to weed out from, with the better boys climbing upward and enlarging the circle of their conquests. That naturally demanded lots of clubs and many trainers. The game flourished.

Baseball would suffer the same slump if subjected to the same conditions.

The bigger the recruiting field the higher the efficiency in any sport. That should be apparent to everyone.

ORDERS ARE IMPERATIVE

Must Move Into New Wabash Station on Sunday Morning, March 15.

"You can say that the Wabash will commence handling its passenger business in Fort Wayne at the new station Sunday, March 15," said Supt. J. C. Sullivan, who was in the city this morning. "Imperative instructions have been given all departments concerned—the ticket agents, baggage master, express employes and others—to be ready to move to the new quarters early on the morning of that day," continued Mr. Sullivan. It is planned to attend eastbound passenger train No. 2, which passes through the city at 4:05 in the morning, and then commence moving. Eastbound passenger train No. 28, due here at 9:20 o'clock in the morning, will stop at the new station, as will every passenger train passing through the city thereafter. The elevator motor arrived early in the week and has been installed and the workmen completed the installation of the baggage scales yesterday. All that must be moved is the agents ticket cases, desks and chairs and some of the equipment of the baggage and express rooms. As soon as the weather will permit such work, the concrete walks on the platform will be laid and the pretty passenger station will then be completed.

F. C. GUSTENSLAGER HURT BY A FALL

Lost Hold on Car Ladder and Alighted on Side of Gondola.

Fred C. Gustenslager, an extra Pennsylvania conductor, who was out in the capacity of flagman with Conductor Frank Sellers yesterday, was painfully hurt at Hobart at 11 o'clock in the morning. He was assisting in shifting some cars and was climbing up the ladder of one, when he lost his hold and fell, striking the side of a gondola car with his back. The blow rendered him partially helpless and a surgeon was called to attend him. Mr. Gustenslager refused to go to a hospital and was allowed to remain in the cab and make the trip to this city on freight train No. 7456. An ambulance met the train here and took the injured man to the St. Joseph hospital and later to his home on East Pontiac street. He is not seriously hurt.

PENSION RULE BULLETIN.

Details of Nickel Plate System Given in Pamphlet Now Out.

Pamphlets giving rules under which the pension plan of Nickel Plate employes is to be conducted have been prepared and are being distributed to employes of the road. Among other things the rules provide:

The administration of the pension department shall be in charge of a committee of seven to be appointed annually by the president of the company, which committee shall have the power to determine the eligibility of employes to receive pension allowances.

All employes of the company who have attained the age of seventy years shall be retired. Such of them as shall have been continuously in the service for at least ten years immediately preceding their retirement shall be pensioned.

No person who enters the service after attainment of forty-five years shall be eligible for pension.

Any person who has been in service at least twenty years and who has become unfit for duty may be retired and pensioned.

In the case of employes attaining the age of 70 years retirement shall be compulsory on the first day of the calendar month following the attainment of that age, in other cases on the first day of the calendar month following date of retirement.

Pension allowances will be computed on the following basis: For each year of continuous service, one per cent of the average monthly pay received for the ten years next preceding retirement. If an employe be transferred to some less remunerative position as a result of partial disability his pension allowance shall be computed from the average monthly pay received by him for the ten years next preceding such transfer.

No pension pay under these rules shall be less than $5 or more than $200 per month.

Pension allowances shall be paid monthly during the life of the beneficiary.

The acceptance of a pension shall not bar a retired employe from engaging in other business but such person shall not re-enter the service.

The company reserves the right to discharge any employe at any time without liability for pension.

Pension department rolls will be monthly in the same manner as regular pay rolls.

WILL BE BUSY SEASON.

Men in the House Building and Paperhanging Trades Busy.

It is said that there are very few good carpenters, painters, bricklayers and paperhangers in Fort Wayne who have not been engaged by the contractors or have concluded to conduct a business themselves this year. Contractors have not yet engaged all their help and some of those who have canvassed the field say they were not able to get all the men they have been looking for. Paperhangers have already commenced active work and are very busy, with prospects of much more activity in the near future.

HEAVY CHAIN FELL ON HIM.

E. W. Zimmerman, a machinist in the Pennsylvania erecting shop, was engaged yesterday afternoon in handling a locomotive spring by means of one of the big cranes, and while in a stooping position was struck by another chain which fell from the crane and carried him to the shop floor. He sustained painful cuts and bruises on his head, right shoulder and right arm and the latter was also badly sprained. After being attended by the company's surgeon, Mr. Zimmerman was sent to his home at 1023 Crescent avenue.

BROUGHT DAUGHTER HOME.

Chief Clerk W. L. Wilt, of the Pennsylvania motive power department, brought his daughter, Nellie Wilt, home from Cincinnati yesterday. The young lady, who was painfully injured in the wreck on the C., H. & D. road, near Troy, Ohio, over a week ago, has greatly improved, but suffers more from the nervous shock at present than from any of the wounds received.

INDUSTRIAL NOTES.

Pennsylvania Fireman E. E. Patrick is sick and off duty.

Yard Engineer Charles McDonald, of the Pennsylvania, resumed work yesterday, after a few days' lay off.

Peter Lepper, F. W. A. Blenk and F. C. Walda are new names on the Pennsylvania shops' absentee list. They are sick.

Charles Volz, of the Pennsylvania planing mills, sustained injuries by a fall on the ice yesterday, which have put him on the absentee list for a few days.

Chief Clerk W. F. Melching, of Factory Superintendent E. A. Barnes' office, of the Fort Wayne Electric works, is sick and unable to get down to the works.

Chief Clerk F. S. Doriot will be at his desk in the Pennsylvania master mechanic's office tomorrow if the present improvement in his condition continues. He is suffering with the grip.

Mrs. Wright, of 3101 South Lafayette street, who sustained a broken limb several weeks ago, is getting along nicely now. She is the wife of Machinist J. D. Wright, of the Pennsylvania round house.

Rev. M. L. Buckley, pastor of the West Jefferson Church of Christ, delivered the sermon at the noonday meeting at the Pennsylvania machine shop today. Miss Una Dell Berry, the contralto singer, sang at the services.

Agent J. B. Clizbe, of the Lake Shore, has been attending to some business at Hillsdale for the past two days. Yardmaster C. D. Rose, of the same company, is doing some fishing through the ice at Clear Lake this week.

G. Horman, the Pennsylvania tank repairman, is still laid up with a sprained ankle and will not be able to get to the shop for some days. The accident was the result of stepping upon a rivet while at work in the shop.

The structure of a signal bridge on the elevated tracks of the Pennsylvania at the new passenger station, arrived yesterday and is being erected at a point near the location of the tower house, moved from Calhoun street a few days ago.

F. J. Schanz, of the Wabash shops, one of the leading members of the Pipefitters' union, is attending a meeting of the craft at Springfield, Ill. The wage question will come before this meeting and all organized labor are anxiously watching the results.

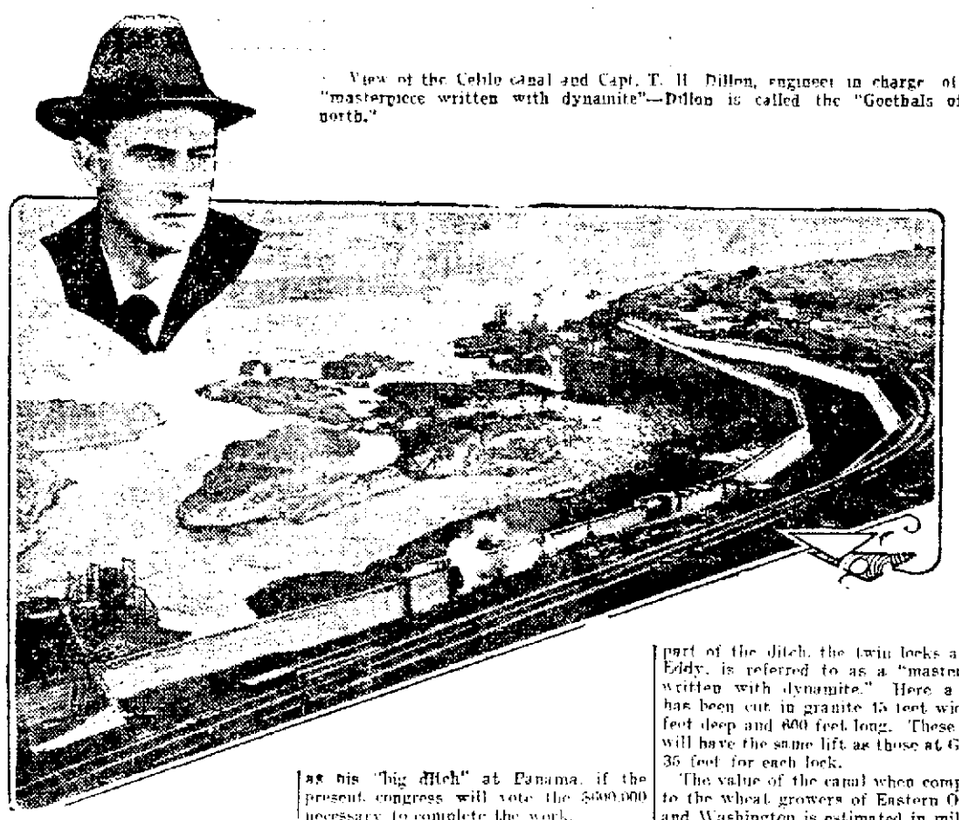
The Foster Furniture company, which has the contract for furnishing the furniture for the Pennsylvania depot, has some of the pieces on display in its Court street show windows. The furniture is made of fumed oak and in appearance is like that used at the Y. W. C. A. and Country club.

One man is dead, another seriously ill and over a dozen are recovering from the effects of drinking wood alcohol, according to reports from Conneaut. The men are employed as section hands by the Nickel Plate at that point and found the alcohol leaking from a car in the yards there. They proceeded to catch it and drink it.

Cured His RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation. If you write to me, Eugene M. Pullen, Carpenter, 500 Marcellus avenue, Manasquan, N. J. Better cut out this notice and show it to any others who are ruptured. You may save a life or at least stop the misery of rupture and the worry and danger of an operation.

"LITTLE DITCH OF THE NORTH" OPENS AT SAME TIME AS THE "BIG DITCH" AT PANAMA.



View of the Celilo canal and Capt. T. H. Dillon, engineer in charge of this "masterpiece written with dynamite"—Dillon is called the "Goethals of the north."

Celilo, Ore., March 5. Uncle Sam's "little ditch" here, which will open river navigation from Astoria to the Snake rapids on the Columbia river, will be ready for operation at the same time as his "big ditch" at Panama, if the present congress will vote the $500,000 necessary to complete the work.

This announcement has just been made by Capt. T. H. Dillon, who is the Goethals of this ditch.

The Celilo canal is eight miles long and has been cut through solid rock around The Dalles of the Columbia. One part of the ditch, the twin locks at Big Eddy, is referred to as a "masterpiece written with dynamite." Here a cleft has been cut in granite 15 feet wide, 80 feet deep and 600 feet long. These locks will have the same lift as those at Gatun, 35 feet for each lock.

The value of the canal when completed to the wheat growers of Eastern Oregon and Washington is estimated in millions. It will provide water transportation in competition with the Hill and Harriman systems and when the locks are built at Priest Rapids, will open the Columbia river to boatmen clear to the Canadian boundary.

WILSON GETS QUICK ACTION

(Continued from Page 1.)

whether we were right or wrong, and so once more deserve our reputation for generosity and the redemption of every obligation without quibble or hesitation."

Shortest Yet Delivered.

President Wilson's address, the shortest he has yet delivered to congress, exactly 420 words—was as follows:

Gentlemen of the Congress: I have come to you upon an errand which can be very briefly performed, but I beg that you will not measure its importance by the number of sentences in which I state it. No communication I have addressed to the congress carried with it greater or more far-reaching implications to the interest of the country and I come now to speak upon a matter with regard to which I am charged in a peculiar degree by the constitution itself with personal responsibility.

I have come to ask for the repeal of that provision of the Panama canal act of August 24, 1912, which exempts vessels engaged in the coastwise trade of the United States from payment of tolls, and to urge upon you the justice, the wisdom and the large policy of such a repeal with the utmost earnestness of which I am capable.

Not to Urge Personal Views.

In my judgment, very fully considered and maturely formed, that exemption constitutes a mistaken economic policy from every point of view, and is, moreover, in plain contravention of the treaty with Great Britain concerning the canal concluded on November 18, 1901. But I have not come to you to urge my personal views. I have come to state to you a fact and a situation. Whatever may be our own differences of opinion concerning this much debated measure, its meaning is not debated outside the United States. Everywhere else the language of the treaty is given but one interpretation, and that interpretation precludes the exemption I am asking you to repeal. We consented to the treaty; its language we accepted, if we did not originate it, and we are too big, too powerful, too self-respecting a nation to interpret with too strained or refined a reading the words of our own promises just because we have power enough to give us leave to read them as we please.

The Large Thing to Do.

The large thing to do is the only thing we can afford to do—a voluntary withdrawal from a position everywhere questioned and misunderstood. We ought to reverse our action without raising the question whether we were right or wrong, and so once more deserve our reputation for generosity and the redemption of every obligation without quibble or hesitation.

I ask this of you in support of the foreign policy of the administration. I shall not know how to deal with other matters of even greater delicacy and nearer consequences if you do not grant it to me in ungrudging measure.

In Dispute Two Years.

The Panama tolls question has been a subject of dispute for nearly two years. Diplomatic correspondence between Great Britain and the United States found the question unsettled when President Taft left office. Except for an assurance to James Bryce, then British ambassador, when he left the United States a year ago, that the question would be taken up in the regular session of congress, President Wilson has never directed any official communication to England on the tolls question. The president recently told callers that he had never discussed them formally or informally with the British ambassador here, Sir Cecil Spring-Rice, because he believed the obligation on the part of the United States to repeal the exemption clause was one which this government itself should realize without outside influence or pressure.

Administration leaders in both house and senate have assured the president that, with the delivery of a message from him showing that international circumstances had arisen since the measure was last debated, the president's suggestion for repeal would be met with prompt action.

House Was Packed.

The house chamber and galleries were packed as usual to hear the president read his address. The French and German ambassadors and other members of the diplomatic corps were in spaces reserved for them. No official of the British embassy was present.

The Misses Wilson had places in the executive gallery and Mrs. Wilson for the first time was absent. She was not entirely recovered from the shock of a fall in the white house a day or two ago.

President Wilson reached the capital ten minutes before the time for the reading and was in Speaker Clark's room until 12:30. From there he was escorted into the chamber and promptly began reading his brief address as soon as a burst of cheering had died away.

Less Than Five Minutes.

It took less than five minutes to read and as another burst of applause greeted its close Mr. Wilson hurried out of the chamber and drove back to the white house. The joint session dissolved at once and the two houses resumed their work.

Not a sound had interrupted the president as he read his message and as he finished the assembly was all smiles, the demonstration being regarded as a tribute to this firsta year in office and the first year of democratic supremacy in the government.

Within ten minutes after the president had addressed congress, Senator Chilton, democrat, of the canal committee, introduced a bill authorizing the president to suspend free tolls.

The Chilton Bill.

The section which Senator Chilton's bill would add to the Panama law is as follows:

"The president, notwithstanding anything herein contained, is hereby authorized and empowered by proclamation to make, suspend, alter, change or abolish any tolls contemplated or provided for by this act, and may prescribe tolls to be changed in any case in which the tolls are prohibited herein."

Speaker Clark ordered the address referred to the interstate commerce commission. Chairman Adamson, who will have charge of the repeal legislation, declared the address fitted his ideas exactly.

"The president's address pleases me," he said, "because it means honesty at home and justice abroad. It is not true that we are surrendering to Great Britain if we repeal the free tolls clause. Myself and other democrats took a position against this piece of rascality before England ever heard of it."

Democratic Leader Underwood declined to discuss the president's address.

ALL CANDIDATES TO BE PRESENT

Jefferson Club Banquet is Last Chance Before Convention.

SEATS GOING FAST

Practically all of the candidates for places on the democratic state ticket will be in Fort Wayne one week from today to attend the jollification and banquet to be held under the auspices of the Jefferson club, and it is said that the local meeting will give them their last chance to appear before the voters prior to the state convention, March 19, unless Robert Proctor, of Elkhart, changes the date for a banquet he is arranging for the same date.

This will be the second time "the troupe" of democratic state candidates has visited the Twelfth district within three weeks, and many of them have succeeded in reaching a great number of voters. At least they have been thrown in intimate touch with the district leaders and with the delegates who will go to Indianapolis for the state meeting.

Judging from the amount of interest displayed concerning rates to the capital city, the Twelfth district will send a big delegation to the state convention aside from the official representatives. They won't get a voice in the deliberations, as everybody knows, but they will be on hand to get the results right off the bat.

Banquet Plans.

Secretary Harry P. Lowry, of the Jefferson club, who is completing plans for the Jefferson club banquet, states that 350 tickets have already been disposed of and as the dining hall at Elks' temple will only accommodate 600 he urges those intending to share in the jollifications to secure their tickets immediately.

A letter has been received from Congressman J. A. M. Adair, of the Ninth district, saying he will be present and will be glad to address the assemblage. Among the principal speakers will be Governor Ralston, Congressman Cyrus Cline, Senator B. F. Shively and other state officials and candidates for state recognition in the coming convention.

Reiter in Chicago.

Henry F. J. Reiter, new chairman of the Allen county progressive central committee, left this morning for Chicago and will be absent from Fort Wayne until Saturday evening. Before departing he failed to state the date selected for the meeting of progressive county chairmen of the district to arrange for the congressional convention.

AGED WOMAN IS ASPHYXIATED.

Search for Money Follows Death of Widow at Aurora.

Aurora, Ill., March 5.—Mrs. Catherine Trahy, 80 years old, a widow who had resided for years in a small house near the Burlington railroad tracks, was asphyxiated by coal gas Tuesday night. Friends of the woman are searching for $3,000 which was paid to her four weeks ago by the Burlington railroad for her property.

Boys' Attempt Causes Dropping of School Business Course.

Muskegon, Mich., March 5.—Because Peter Hurst, in the seventh grade at the Hackley school, employed his newly acquired knowledge of business methods in forging a check for $14 and trying to pass it on the Hackley National bank here, the school's new course in business methods has been suddenly dropped. Business ethics are now being taught at the school.

BIG CROWDS FOR PURE FOOD SHOW

Special Pleasing Features Add Interest to the Exhibition.

BABY SHOW WINNERS

The success of the pure food show being held at Princess rink under the auspices of the Retail Merchants' association is assured. It has made good and the public fancy has been pleased. This is easily demonstrated by the crowds that are attending. It is extremely doubtful if the merchants themselves realize how well their efforts to give the exhibition on a high scale are being appreciated. The show is much larger, more brilliant and much wider in its scope than they anticipated and the committee in charge are almost as much surprised as the visitors.

The crowds of Wednesday night more than doubled the attendance on the opening night and it is plainly evidenced that the people are just beginning to realize the scope and magnitude of the amount of entertainment afforded.

First Baby Winners.

Aside from the pure food exhibits, there are many other features that as a rule are not considered by those who have seen similar shows. The baby show, held each day is one of the principal attractions, and each day a certain number of infants are awarded prizes. The entries for today numbered ten. In the first day's baby show, prizes were awarded as follows:

Edna Fell, aged ten months, daughter of Mr. and Mrs. Owen Fell, 2716 Hanna street, first prize, a diamond ring; Wayne Shambaugh, little son of Mr. and Mrs. C. B. Shambaugh, 720 Riverside avenue, second prize, a half-dozen photos; Virginia Miller, daughter of Mr. and Mrs. E. J. Miller, 117 Baker street, third prize, a gold bracelet.

The prize awards are made on the largest number of votes cast each day, and in addition to the three leading prizes each day, all of the babies entered are presented some toy or prize. A diamond ring, a half dozen photos and a gold bracelet are awarded each day to the three getting the highest number of votes. Prizes are also given to each mother entering her infant and today the specialty was one pound of tea, donated by the Woolson Spice company, and one box of Perfection wafers and candy by the Heit-Miller-Lau company.

Some Other Features.

One feature of the show, in which everybody is interested is the giving away of packages of sugar by the Franklin Sugar company. Each afternoon at 3:30 and each evening at 8:15 and 9:15 from 50 to 75 pounds of sugar is given away and everybody attending has a whack at the distribution.

Wednesday night the "button hunt" afforded rare pleasure to every man, woman and child. The Perfection Biscuit company gives out buttons and on each one is a serial number. The hunt is for the person holding your duplicate number and it places the crowd on a friendly footing and encourages the carnival spirit that is manifested at each session.

Each night during the show, which continues until March 13, E. W. Barthold, veterinarian in charge of the government meat inspection in Fort Wayne, gives a short talk on the work of inspecting meats, its effect and the object of such an inspection.

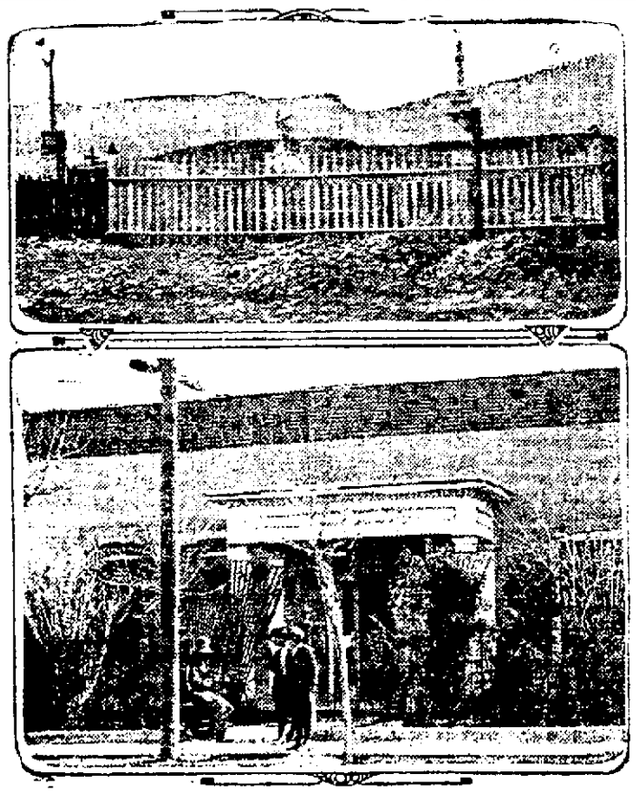
HOUSE WHERE BENTON DIED AND GRAVE-YARD WHERE HE'S BURIED.



National cemetery in Chihuahua, where William S. Benton's body was supposed to have been buried after he was killed in Juarez. Villa claimed to have taken the body to Chihuahua from Juarez on a special train, given it a Christian burial and placed it in a tine coffin, and covered the grave with flowers.

Below, Villa's headquarters on Calle Lerdo in Juarez, Mexico, where William S. Benton was last seen alive. It was here that Villa received Benton, when he went to call on him about his ranch in Mexico. It was reported at the time of Benton's death that he was killed in this house and buried in the stable at the rear. No one has been permitted to examine the house since the death of Benton, and superstitious Mexicans have named it the house of mystery and cross themselves as they pass it.

This Is Guaranteed to Stop Your Cough

Make this Family Supply of Cough Syrup at Home and Save $2.

This plan makes a pint of better cough syrup than you could buy ready made for $2.50. A few doses usually conquer an ordinary cough—relieves even whooping cough quickly. Simple as it is, no better remedy can be had at any price.

Mix one pint of granulated sugar with ½ pint of warm water, and stir for 2 minutes. Put 2½ ounces of Pinex (fifty cents' worth) in a pint bottle; then add the Sugar Syrup. It has a pleasant taste and lasts a family a long time. Take a teaspoonful every one, two or three hours.

You can feel this take hold of a cough in a way that means business. Has a good tonic effect, braces up the appetite, and is slightly laxative, too, which is helpful. A handy remedy for hoarseness, spasmodic croup, bronchitis, bronchial asthma and whooping cough.

The effect of pine on the membranes is well known. Pinex is a most valuable concentrated compound of Norwegian white pine extract, and is rich in guaiacol and other natural healing pine elements. Other preparations will not work in this combination.

This Pinex and Sugar Syrup remedy has often been imitated, though never successfully. It is now used in more homes than any other cough remedy.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

GENERAL ORDINANCE NO. 638.

An ordinance ratifying and approving a contract entered into on the 13th day of February, 1914, by and between the city of Fort Wayne, Indiana, and the Indiana Engineering and Construction company.

Whereas, On the 13th day of February, 1914, the city of Fort Wayne, Indiana, by and through its board of public works, entered into a contract with the Indiana Engineering and Construction company, which contract is in the following words: To the Hon. Mayor Hosey and Board of Public Works, City of Fort Wayne, Ind.

We hereby take pleasure in making the following proposal in connection with the engineering and designing of the proposed addition which will be added to the present municipal electric light plant.

1. To engineer, design and furnish all drawings and specifications pertaining to this work.

2. To superintend construction on above building and electrical work.

3. To advise as consulting engineers in any capacity pertaining to said work.

For the above services we shall expect to receive four (4) per cent. of the total expenditure on this work.

Very respectfully submitted,
INDIANA ENGINEERING AND CONSTRUCTION CO.,
By H. F. MORAN,
Vice President and General Manager.
H. C. OFFUTT, Secretary.

This agreement, made this 13th day of February, 1914, by and between the city of Fort Wayne, by and through its board of public works, party of the first part, and the Indiana Engineering and Construction company, party of the second part, witnesseth:

That in consideration of the mutual covenants hereinafter set out to be performed by each of the parties hereto, it is by them hereby agreed:

1. That said party of the first part hereby employs the party of the second part as consulting and supervising engineer in the construction of the addition to the municipal electric light and power plant.

2. The second party to make all necessary preliminary examinations and investigations, get local data so that the party of the first part can determine the kind and extent of addition to be constructed, including all electric and mechanical equipment and building structure, so that said addition will be complete in all detail, and to consult with the party of the first part in procuring instruction from it for the work.

3. Second party to prepare preliminary estimate or estimates of cost, setting forth the general outline of the addition complete, and submit the same to said board for its approval or alteration and final decision as to the general nature and extent of said addition.

4. In reporting to first party, the general plans and specifications, the party of the first part shall give to the said board an analysis covering various possibilities as to the method of installation and construction of such addition to the existing power plant, together with the estimated cost of the advantages and disadvantages of each possibility and its recommendations as to the best plan to be adopted.

5. After said general outline of said addition is finally decided upon, the second party shall prepare the final estimates, specifications and plans for said addition complete, including all electrical and mechanical equipment, and building structure to make said addition complete in all detail, and submit the same to the board of public works for alterations and final approval.

6. Party of the second part is to meet with the board of public works at the opening of bids for the construction of said work and to advise with said board and assist the board in its decisions in the awarding and making of contracts for the work.

7. During the progress of the work, party of the second part will make all necessary inspections of the work, oversee and direct the starting of the addition and machinery therein in operation, make final inspection and tests and report the work for final acceptance and direct such changes as are necessary, if any, to have all work fully comply with the specifications and plans; that during the active construction of said work and the erection and installation of said addition, party of the second part is to furnish an inspector or representative upon said work to ascertain for and guarantee said city that the addition and machinery installed therein shall in every way be strictly first class and in full accordance with the specifications and plans.

8. It is understood and agreed that if contracts cannot be let upon the original plans and specifications on account of difference in prices between the estimates and bids or for any other reason on account of said plans and specifications, then party of the second part, at its expense and without additional charge, is to revise, alter and modify such plans and specifications so that said contracts may be let for said addition.

9. Party of the second part agrees that it will submit at the end of each week to the party of the first part a report on the progress of the work on a form to be furnished by the city.

10. In case any representative furnished by second party to supervise the work becomes unsatisfactory to said city, party of the second part agrees, on notice in writing, to furnish another representative. The determination of the board that any such representative is unsatisfactory shall be final.

11. Second party agrees that all engineering work to be performed hereunder by it including consultation, drawing of plans, preparing of estimates, inspections, tests and reports are to be performed by their H. F. Moran and no other engineer shall be placed on the work without the consent of the first party.

12. In consideration for the above services first party agrees to pay second party a sum equal to four (4) per cent. of the total cost of said addition, as shown at the time of final inspection, said sum to be paid from time to time whenever partial payments are made to contractors performing the work. The cost of material and installation of any material and equipment not shown on plans and specifications as finally provided and in relation to which second party is not consulted shall not enter into the total cost, upon which second party's per cent. of compensation is based. This, however, is not to apply to anything placed thereon in substitution for something on the plans or provided for in the specifications.

There shall be no extra compensation of any kind or character paid to, or demanded by second party except the same be provided for by written contract between the parties hereto prior to the performance of the service for which said extra charge is made.

In witness whereof, the foregoing named parties have hereunto set their hands and seals this 13th day of February, 1914.

GRAIN AND PROVISIONS.

Chicago Market.

Chicago, March 5.—After an easy start today wheat rallied but the hardening of prices was due more to a sense of offerings than to any special demand. The opening was unchanged to ⅛@¼c lower but the reaction carried the market above last night's level all around.

Prospects of country roads soon breaking up gave firmness to corn. Interior Illinois points reported an active call from feeders. Prices which at the outset varied from ⅛@ off to a shade advance rose gradually to a material extent.

In the oats crowd buying on the part of cash houses strengthened the market. Selling was only of a scattered sort.

Falling off in receipts of hogs at western centers as compared with a week ago furnished an excuse for a slight upturn in provisions. Demand was chiefly for lard.

THE DAY ON WALL STREET.

New York, March 5.—Chesapeake & Ohio opened two points lower today, being depressed by the announcement of the $33,000,000 issue of 5 per cent. notes. This was the only movement of importance in the early trading with the exception of a rise of a point in Texas company to 149¾, a new high record. Trading was fairly active, particularly in steel, which rose fractionally. Changes in general were irregular, with a good undertone.

Fortified by large speculative orders for the principal stocks and signs of a better demand for a wide assortment of minor specialties, the market displayed general strength for a time today. The provision of Chesapeake & Ohio's note issue calling for expenditures of $17,000,000 for improvements in the next five years before dividends are paid caused the stock to sell down five points to 59. Bear operators made the most of this slump and sold stocks all through the ligt, depressing prices under yesterday's close. Bonds were irregular.

The market closed steady. Completion of forced liquidation in various stocks removed a load from the market and prices mended somewhat in the final hour. New Haven jumped two points.

DAILY MARKET LETTER.

(Furnished by J. S. Phillips, North American Building, Fort Wayne, Ind.)

Chicago, March 5.—The wheat market is still oppressed by flat European cables and small export sales. Private Liverpool cables indicate Europe will buy freely for a week or more and is awaiting our March reserve report. The northwest continues to send very small farm reserve totals, but they are offset by the poor home and foreign demand. Winter wheat reports of today were the best yet. Argentina shipments, 2,400,000 bushels, and Russia will ship 1,500,000 to 2,000,000 bushels for the week.

Chicago corn conditions are a shade bearish, but the local bears believe that the market will be supported by leaders who are confident in small March reserves. Chicago shipments of corn this week show no improvement, and Chicago supplies may gain 800,000 bushels for the week.

Oats consumption is large and the eastern demand is fairly good. Chicago shipments of provisions will make an average normal showing for the week. Lard situation is heavy, but the problem is one of getting cheaper hogs. So far the packers have been against a stone wall. The March farm reserve report will be issued Saturday after the close of change.

The stock market was affected more or less by the weakness in Chesapeake & Ohio, caused by the sale of $34,000,000 five-year notes. The appropriation of 1914 is fixed at two million dollars and it is explicity stated in the circular that no dividends will be declared after April 1, 1914, until the appropriation for the current period has been provided for. Closing prices follow:

Atchison, 97½; B. & O., 90¾; Amalgamated, 74½; Smelter, 67½; B. R. T., 93⅝; C. & O., 59; Canadian Pacific, 209; Erie, 29¼; Great Northern, 127¾; Missouri Pacific, 35⅝; Northern Pacific, 112⅛; New York Central, 90; Pennsylvania, 111¾; St. Paul, 102¾; Southern Pacific, 94⅜; Reading, 165⅝; New Haven, 68⅜; Union Pacific, 159; U. S. Steel, 65½.

THE WEATHER.

OFFICIAL FORECASTS.

For Fort Wayne and vicinity: Cloudy tonight and Friday, with probably snow; lowest temperature tonight about 28 degrees.

For Indiana: Cloudy tonight and Friday, with probably local snow.

For Ohio: Cloudy, with probably snow tonight and Friday.

For Lower Michigan: Snow tonight; Friday probably snow; warmer in extreme northeast portion tonight.

WEATHER CONDITIONS.

The storm which was central over the lower Mississippi valley yesterday morning has spread eastward to the south Atlantic coast states where warmer weather is general this morning. It has been accompanied by general rains from the gulf coast as far north as the Ohio river.

Another moderate storm is spreading southeastward from the British northwest and is central over Minnesota this morning. It has given snow from the Dakotas and Manitoba as far southeastward as Wisconsin and eastern Iowa. It is not yet being followed by any cold weather in the northwest, the temperatures in that section being but slightly below freezing this morning.

The northwestern storm will spread southeastward and will give cloudy weather in this section tonight and Friday, with probably some snow. There will not be much change in temperature and the lowest tonight will be about 28 degrees.

Money-Back
MR. FARM RENTER, LABORER, INVESTOR, LOOK!

"If you don't like the goods, bring 'em back and exchange 'em or get your money." Thus Marshall Field started the "exchange or money-back offer on merchandise goods.

LAND IS NOT MERCHANDISE, but as far as we can, we are going to apply the same principle to the selling of our Michigan Lands. We will make you this mild-winter privilege of exchange or money back offer. You make your selection from the map or leave it to us after telling us about what you want; then when you go down this coming season and look over the land, if you are not satisfied with it you can either exchange for another tract or your money will be cheerfully refunded to you. Your car fare will be allowed on purchase price. Did any land company ever make you such an offer before? Could we be any more fair?

BUY MICHIGAN LAND in the FAMOUS FRUIT BELT now before the prices advance again this spring. It is selling fast. The better selections go first. Prices $10 to $25 per acre. It advances every year. Ask for details. Easy payment plan.

FEAR OF INQUIRY LEADS TO SUICIDE

O. P. Redman, Pool Room Man at Auburn, Takes His Own Life.

WAS IN ILL HEALTH

(Special to The Sentinel.)

Auburn, Ind., March 5.—Prompted by ill health and the fact that the DeKalb county grand jury is making an investigation of the practice of permitting minors to loiter in poolrooms, Oliver Perry Redman shot and instantly killed himself some time between 1 o'clock this morning and 7:30 when his body was found by Joe Williams, an employe of the poolroom operated by the suicide.

The body was found in a chair and a bullet wound in the mouth indicated that he had gone very deliberately about the act of self-destruction. A revolver of 32-caliber was found beside the body and one chamber contained an empty shell. Death was probably instantaneous.

The weapon was one that he had kept in his poolroom for protection. He left a note addressed "To whom it may concern," which read as follows:

"On account of ill health and failing eyesight and other difficulties coming on I have decided to end it all." This was signed with the initials O. P. R.

He was last seen at 1 o'clock this morning and it is supposed that shortly afterward he retired to a card room back of the poolroom and fired the shot. If he contemplated ending his life at the time he closed for the night he gave no intimation of it.

Redman was about forty years of age and was a recluse. He lived entirely alone and although he had been in business here for ten years he was never very communicative and nobody knew anything of his family or his affairs.

An investigation by the coroner left no doubt that he took his own life and the general belief is that worry over the state of his health was greatly augmented by the fact that the grand jury has called a number of boys before it for witnesses and this is taken as an evidence that the members were looking into the manner in which poolrooms here have been carried on.

TANNERBAUM IS DEFIANT

(Continued from Page 1.)

ing the night in three separate prisons were sent to the Tombs further down town, all charged with disorderly conduct. Tannenbaum was represented by Justus Sheffield, a lawyer retained by the Industrial Workers of the World.

"This is only the start," said Tannenbaum. "The I. W. W. is behind every man arrested. If necessary we will bring 500 agitators into the city within the next few days. The reason so many men are unemployed is that the factories are working their hands from twelve to fourteen hours a day. We are going to send men into these factories and demand that the working hours be reduced to eight. This will solve the whole problem."

Tannenbaum had a cell by himself during the night, but his followers did not fare so well. Their numbers made it imperative that five or six be placed in one cell and under these conditions sleep was out of the question. Throughout the night yells and protests kept the other prisoners awake.

"Frame-Up," Says Haywood.

"The whole affair is a frame-up," declared William D. Haywood, head of the organization, who came here recently to attend a meeting of the International Workingmen's Dissent conference. "Police Commissioner McKay could have rounded up any of the unemployed two days ago if he had wanted to, but he waited until the mayor returned and gave him authority. Now they are after Tannenbaum's blood. I can't see that he has done anything to be arrested for. It is not the men who are on trial, but the Mitchell administration and the churches."

Jane Roulston, secretary of the mixed locals of the I. W. W., said she was ready to furnish $1,000 bail for Tannenbaum, if the authorities would reduce bond to that amount. Mrs. Roulston came here several years ago from San Francisco.

The most woe-begone of the prisoners was Hyman Finkelstein, who when arrested in the church last night had $750 in his possession. Finkelstein said he had no idea of the nature of the demonstration in which he was participating. "I was watching the meeting in Rutger's square," he said, "when somebody said 'Come on; we're all going to eat.' So I followed the crowd." Finkelstein refused to give his address for fear, he said, that he would be robbed after he returned home.

Arrests Made in a Church.

The arrest of Tannenbaum and the greater part of his army, organized under the auspices of the Industrial Workers of the World, was made in St. Alphonsus Roman Catholic church on Broadway, where Rev. John Schneider refused the demand for food and ordered the invaders to leave if they had not come to worship. When Father Schneider repeated his order for all to leave "who do not belong here," there were cries: "Don't go out! Stay here! Make them throw us out! We will have food!"

At this outburst, two detectives seized Tannenbaum and two other leaders while outside the church policemen sent in calls for reserves from several downtown stations. Douglas I. McKay, police commissioner, ordered the arrests on his own initiative. He hurried to the church with two deputies and superintended the arrests. The commissioner said he would brook no repetition of rioting in churches.

"I was present at the time," he said, "I saw that the law was being violated, and caused the arrests. Previous to this, however, they were warned that if they entered a church where a service was going on they would be arrested. They ignored the warning."

Miss Jane Est, one of the two women agitators weakened when told that she probably would be sent to prison for six months. She begged to be allowed to go and slipped through the crowd when released by a detective. Gussie Miller, however, insisted that she be arrested. Her demand was granted. After the army had been removed from the church, the police declared that black jacks, knives, razors and pieces of iron were found in the vacated pews. William D. Haywood, head of the Industrial Workers of the World, said after the arrest of Tannenbaum and his followers, that he was not surprised at the action of the police.

"The police followed the advice given them by the newspapers," he said, "and that was to be expected. The result will be that the public will learn that the problem of the unemployed is not a myth."

Before going to the church last night Tannenbaum announced that the Industrial Workers of the World were behind him and this declaration was borne out in night court when an attorney appeared for all who were arrested.

In a statement made public today the Rev. W. Montague Gear, vicar of St. Paul's chapel, who acted as host to Tannenbaum's army on Tuesday night defended his action and declared he might invite the unemployed men to be his guests again. Dr. Gear complimented the men's conduct, laying special stress on their action in appointing five of their number to put the chapel in order after the army departed.

A search of those arrested revealed but one man with money enough to pay for a meal. This one—Hyman Finklestein—produced $750 in bills. He offered no explanation of his preference for the comradeship of men less fortunate.

His Bail is Raised.

When Tannenbaum was brought before the bar the district attorney's office opposed his request for a reduction of the $5,000 bail and argued the importance of the case until the court increased the amount of the bond to $7,500.

The prisoner's friends who hoped to raise the bail money if they could confessed they would have to let him stay in jail at least for a time. At the request of Tannenbaum's attorney examination was postponed until tomorrow afternoon.

SERVICES WELL ATTENDED.

Bible Training School Revivals in Progress.

Both the day and night services at the Bible Training school have been well attended thus far and the interest is growing. The Rev. Max Wertheimer proves himself to be a man of wide experience and one who has a very clear knowledge of the word of God and above all a man who truly knows the Lord. He will speak this evening and Friday night at 7:30 and Friday morning at 10:15. There will be no services on Saturday but they will be resumed on Sunday and will continue all through next week. Rev. R. C. Steinhoff will deliver the addresses.

Splendid music has been rendered at all the meetings and Prof. C. A. Gruber is putting forth every effort to make this part of the service a success. The Bible Training school quartet is also giving its services toward helping the meetings to be a success. Everyone is welcome at the meetings.

BIG COAL TIPPLES BURN.

Railway Trestle Is Dynamited to Stop Spread of Flames.

Monongahela, Pa., March 5.—Fire early today destroyed the river and railroad tipples of the black diamond mine of the Monongahela River Consolidated Coal and Coke company near here with a loss of $50,000. It was necessary to dynamite a high trestle over the tracks of the Pennsylvania railroad to prevent the flames from spreading to other buildings.

From Dakota Ranch to London Stage

Sybil Sammis

Pierre, S. D., March 5.—When little Sybil Sammis, daughter of a South Dakota ranchman, began "playing tunes" on the organ not so very many years ago, the ambition of her family was to send her to Pierre to study music. She came to Pierre and she began to dream of Paris. Some one discovered she had a remarkable soprano voice. She quit dreaming and went to work. She had very little money and no "pull" in musical circles, but she had plenty of grit and heaps of ambition. She got to Paris. She is recognized as one of America's leading sopranos.

Woman Should keep Her Own Name, Says Feminist Advocate

MRS. CRYSTAL EASTMAN BENEDICT

Madison, Wis., March 5.—Mefinism means the preservation of woman's personality, according to Mrs. Crystal Eastman Benedict, noted Wisconsin suffragist.

She avers that marriage should be a link in a woman's life, not a handcuff.

That a girl should be educated for life, not for marriage.

That a woman should discard the habit of taking her husband's name when marrying and stick to her own.

That men should be freed from dependent wives, for they are parasites.

Mrs. Benedict is a member of the federal industrial commission.

FUSSING.

"My wife is always making a fuss over me."

"Yes; some women always make an awful fuss over nothing."

It is believed that previous to civilization baldness was unknown among American Indians. The uncivilized Indian apparently is not free from pellagra and almost immune from cancer.
